Step 7 – Payroll Taxes & Workers' Compensation (3 of 3)

If payroll taxes (i.e., FICA, Medicare, and state/federal unemployment) are allocated based on percentage of salaries, the provider must disclose this functional allocation method. The use of percentage of salaries is not the salaries allocation method, since the salaries allocation method includes both salaries and contract labor.

Payroll Taxes are usually 7.65 percent of wages unless there is a Cafeteria Plan or Section 125, then the taxes would be lower.
