

Attendant Compensation Rate Enhancement Enrollment Contract Amendment Instructions for the Open Enrollment Period for State Fiscal Year 2025

Open Enrollment Period: July 1–31, 2024

The Texas Health and Human Services Commission (HHSC) announces Open Enrollment for the state fiscal year 2025 Attendant Compensation Rate Enhancement Program in accordance with Title 1 of the Texas Administrative Code (1 TAC) Section 355.112.

The Attendant Compensation Rate Enhancement program is a voluntary program for HHSC contracted providers delivering community care services and other attendant services to individuals with intellectual and developmental disabilities (IDD). Participating providers receive increased funding to incentivize increased compensation, including increased wages and benefits, for attendants. Participating providers agree to spend the increased funds to meet program spending requirements, or they will be subject to recoupment.

Open enrollment for the state fiscal year 2025 Attendant Rate Enhancement Program will be open from July 1, 2024, until July 31, 2024.

ENROLLMENT CONTRACT AMENDMENT (ECA)

ECA Requirements

To enroll, contracted providers must properly complete the ECA on the [HHSC Open Enrollment Portal](#) by July 31, 2024, at 5:00 pm (CDT). **The HHSC Provider Finance Department (PFD) will not accept requests after the deadline.**

A properly completed ECA must:

1. Have a checkmark in either the "Yes, this facility chooses to enroll" or the "No, this facility chooses not to enroll" box.
2. Verify the fiscal year-end for the entity. If incorrect, [email the PFD Help Desk](#) to have the information verified and corrected.
3. Use the correct 9-digit contract number for the provider.

Roll-Over and Level Requests

Providers checking the "Yes, this facility chooses to enroll" box must indicate their chosen level number in the "Level" box. Please note that Level 0 is not an option. Levels are awarded within available funds. Therefore, a provider may not be awarded the requested level.

- For Community Care providers, Level 35 is the highest enhancement level that any contract may request.
- For IDD providers, Level 25 is the highest enhancement level that any contract may request.

Any provider who has not submitted their properly completed ECA to HHSC PFD by 5:00 pm (CDT) on July 31, 2024, will continue at the current Level of Participation in effect during the open enrollment period, within available funds. This continued enrollment provision is called "roll-over" enrollment. Participating providers can confirm their current level of participation on the [2024 Enrollment Levels Awarded webpage](#).

Pursuant to the 2024-25 General Appropriations Act, House Bill 1, 88th Legislature, Regular Session, 2023 (Article II, Rider 30(a)), HHSC was appropriated funding to increase the base wage for personal attendant services from \$8.11 to \$10.60 per hour. HHSC is proposing TAC amendments to codify the minimum base wage. In addition, HHSC was appropriated funding through Rider 30(b) for the attendant compensation rate enhancement program for community care providers. Providers are encouraged to consider the increase of funding directed to attendants, required Rate Enhancement program spending requirements, and potential recoupments for failing to meet the Rate Enhancement spending requirements when determining their requested Rate Enhancement level during open enrollment.

HHSC published proposed rates in accordance with Rider 30(a), available [here](#). HHSC encourages providers to utilize these rates instead of the fee schedules for calculations on the 2025 Open Enrollment Worksheets available in the [Provider Finance webpage](#).
