Medicaid Overview

TEXAS
Health and Human
Services

- Jointly-funded state and federal health care program
 - Entitlement program that is designed to provide health coverage and medical services to several categorically needy populations – low-income families, pregnant women, people aged 65 and older, and people with disabilities
- School Setting
 - Enroll eligible children in Medicaid program
 - Assist children already enrolled in Medicaid to access the benefits available to them

- Federal Medicaid reimbursement for the costs of administrative activities performed in the school setting
 - Linking students to the appropriate Medicaid/health-related services

- HHSC is the single state Medicaid agency in Texas (responsible for the administration of the MAC program at the state level)

MAC Activities

- Activities that improve access to Medicaid coverage or improve the use of Medicaid covered services, including but not limited to:
 - Informing Medicaid-eligible and potentially Medicaid-eligible children and families about the benefits and availability of services provided by Medicaid (including preventive treatment and screening), including services provided through the Early and Periodic Screening, Diagnosis, and Treatment program
 - Assisting individuals or families to complete Medicaid eligibility applications
 - Scheduling or arranging transportation to Medicaid covered services
 - Providing translation services for the purpose of accessing Medicaid services
 - Developing strategies to assess or increase the capacity of school medical/dental/mental health programs

TEXAS

Active Data Universal Numbering System (DUNS)

- The Federal Funding Accountability and Transparency Act (FFATA) of 2006 and subsequent rules published by the federal Office of Management and Budget (OMB) require that grantees have an active DUNS number
- Districts must send 9-digit number with forms
- Register or check the status of your DUNS at System for Award Management (SAM) website: <https://sam.gov/>
- Requirement will change April 4, 2022 (see next slide)

Unique Entity Identifier (UEI)

NEW

- On April 4, 2022, the federal government will stop using the DUNS number to uniquely identify entities registered in SAM. At that point, entities doing business with the federal government will use a Unique Entity Identifier (UEI) created in SAM.gov and will no longer have to go to a third-party website to obtain their identifier.
- New districts will send UEI instead of DUNS as of this date.
- Active registrants will have their UEI assigned and viewable within SAM.gov; there is no action for registered entities to take at this time.
- The stated effect of this transition is to allow the U.S. General Services Administration (GSA) to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the federal government.
- See <https://www.gsa.gov/about-us/organization/federal-acquisition-service/office-of-systems-management/integrated-award-environment-iae/iae-systems-information-kit/unique-entity-identifier-update> for more information.

TEXAS
Health and Human
Services

Application for Texas Identification Number (TIN)

- Also known as AP-152 form
- Formerly known as Texas Payee Identification Number
- Assigned by the Texas Comptroller of Public Accounts for the purpose of identifying any party receiving a payment from the state
- Use of this number on all claims will reduce the processing time required by the state

TEXAS
Health and Human
Services

Vendor Direct Deposit Form

- Set-up direct deposit for MAC
- Change or cancel existing direct deposit information
- Direct deposit allows MAC reimbursements to be posted automatically to a district's account instead of being issued as paper warrants sent by mail

Vendor Information Form (VIF)

- Form indicates who is legally responsible as well as the point of contact for the contract
- District is the “Contractor”
- Physical address listed on the form must be that of the district submitting the form
 - For districts in a shared services arrangement/cooperative (SSA/Co-Op), do not list the physical address of the SSA/Co-Op
- Follow the instructions listed on the HHSC MAC website

MAC Program Operating Plan (POP)

- Details roles and responsibilities for primary contacts
- Cover page must be printed on district letterhead
- **All primary contacts listed on the MAC POP must match in Fairbanks when initially submitted**
- Primary contacts listed on the MAC POP must be **district employees** of the district submitting the form
 - For districts in a SSA/Co-Op, fiscal agent employees cannot serve as the primary contact for a member district

Required Updates

- Vendor Direct Deposit Form
 - Financial institution, account number, and/or account type changes
 - Must complete again and submit to CAPM_MedicaidAdministrativeClaimsContracts@hhsc.state.tx.us
- System Contacts (Primary and/or Secondary)

MAC Financial Quarterly Process

Participant Identification

- Eligible participants identified via the Participant List (PL)
 - Job Category
 - Direct Service and Administrative Providers (Cost Pool #1)
 - Administrative Services Provider Only (Cost Pool #2)
- Cannot report costs for categories and positions that were left off the PL in a given quarter
 - Reporting costs for positions that were not included on the participant list on your MAC financials could result in the claim being denied
- Costs reported are “position-specific” not “person-specific”
 - Substitute – individual replacing a provider on leave
 - Direct replacement – individual hired to fill a vacant position

PL Certification & RMTS Results

- Only positions included on the PL are eligible to have costs reported on the MAC Financials during a given quarter
- If a district does not certify its PL for a given quarter, then that district will not be able to participate in the RMTS and will not be able to report its MAC Financials for that quarter
- RMTS results are the basis for the calculation of the administrative time study percentage that is applied to the MAC Financials

Ineligible Costs & Participants

- Overhead costs/indirect costs are captured in the Indirect Cost Rate (IDCR) on the MAC Financials
- Salaries for staff in accounting, budgeting, employee relations, human resources, payroll, and purchasing are generally indirect costs and should not be entered on the MAC Financials
- Ineligible participants include those in:
 - Function 41 – General Administration
 - Function 53 – Data Processing Services
- Review Administrative Services Provider Only (Cost Pool #2)

MAC Participation Requirements

- MAC Financials will **not** be opened for a given quarter unless the following requirements are met:
 - Active contract with HHSC
 - Approved MAC POP
 - Received appropriate MAC and RMTS training for the FFY
 - Certified PL
- All participation documents must be approved and a MAC contract must be executed prior to the close of the PL for the quarter in which the district wishes to claim
- If you are unable to access a quarter, please contact the HHSC MAC Unit

MAC Financial Data Collection

- Interim billing is **not** a MAC requirement
- Electronic reporting of the MAC Financials
 - Completed entirely in online Fairbanks reporting platform via the Fairbanks, LLC website
 - <https://www.fairbanksllc.com/>
- **ONLY trained** MAC financial contacts will have access in Fairbanks to enter MAC financial data

Financial Data

- District Employees & Contracted Staff
 - Claim positions (included on the PL) that performed MAC activities at the district on a routine, weekly basis and were paid by the district during the given quarter
 - ONLY positions that meet the criteria listed above may be claimed on the MAC Financials

Must evaluate each quarter whether positions (included on the PL) may be claimed on the MAC Financials

TEXAS
Health and Human
Services

District Employees

- Compensation
 - Salaries
 - Allocation of costs not necessary
 - Subject to federal withholdings
 - Reconcile back to general ledger
- Report salaries based on federal fiscal quarters:
 - October – December
 - January – March
 - April – June
 - July – September

Position Specific Example

- Position #85 had the following employee changes during the January-March quarter:
 1. Employee A works January 1st through January 19th, earns \$800
 2. Substitute A works January 20th through February 28th, earns \$1,200
 3. Employee B works March 1st through March 31st, earns \$1,500
 4. Total MAC Reportable Expenditures for Position #85 would be: $\$800 + \$1,200 + \$1,500 = \$3,500$

Payroll Taxes and Benefits

- Examples of Employer-Paid Benefits:
 - Employer 403(b) Contribution
 - Health Insurance
 - Liability Insurance
 - Life Insurance
 - Medicare
 - Social Security
 - Unemployment Compensation
 - Worker's Compensation

Payroll Taxes and Benefits

- Only report “true” expenditures
 - If your district incurs an insurance cost (premium paid), the district is entitled to report the cost incurred during the given quarter
 - If your district is self-insured and pays a third-party administrator for claim administration, the district is entitled to report the cost incurred for administrative fees and claims paid during the given quarter
 - District should not report any assumed liability, such as set-aside funds, as the cost should reflect the true expenditures of the district
- Teacher Retirement System
 - Only costs to the district are allowable
 - “On behalf of” retirement payments cannot be claimed
- District must maintain all supporting documentation

TEXAS
Health and Human
Services

Employee vs. Contracted Staff

- Employee
 - Provider hired by the district (on payroll)
 - Listed on the PL as Part Time or Full Time
 - Report costs under the following columns: Employee Salaries, Payroll Taxes and Benefits, and Federal Revenues
- Contracted Staff
 - Not employee of the district
 - Either outside vendor or through SSA/Co-Op (fiscal agent)
 - Listed on the PL as Contract
 - Report costs under the following columns: Contracted Staff Costs and Federal Revenues

TEXAS
Health and Human
Services

Contracted Staff

- Ensure that the PL is up-to-date
 - Correct employment type
 - Enter costs under appropriate columns
- Request breakdown of costs on invoice from the contractor
 - Correct number of positions are claimed
 - Costs are placed in the correct categories

TEXAS
Health and Human
Services

Federal Revenues

- Identify ALL federally funded positions on the PL
- Report (local, state, & federal) costs in the appropriate columns
- Federal Revenues column is used to subtract the federal portion of costs that were included in the following columns: Employee Salaries, Payroll Taxes and Benefits, and Contracted Staff Costs

Job Category	Total Employees	Total Contractors	Employee Salaries	Payroll Taxes and Benefits	Contracted Staff Costs	Gross Expenditures	Federal Revenues	Net Expenditures
Nurse – Registered Nurse (RN)	5	0	\$63,290	\$8,770	\$0	\$72,060	\$0	\$72,060
Occupational Therapist – Licensed	3	1	\$34,374	\$4,527	\$3,000	\$41,901	\$38,901	\$3,000
Physical Therapist – Licensed	2	0	\$19,868	\$2,864	\$0	\$22,732	\$11,366	\$11,366

TEXAS
Health and Human
Services

Federal Revenues

- Federal funds include, but are not limited to:
 - Federal Grants
 - Matching Funds
- To optimize federal revenue sources, it is recommended that providers are funded with local/state dollars
- MAC funds are considered “reimbursement” funds and are not required to be backed out of the MAC Financials as revenue offset

BREAK TIME!

Be back in 10 minutes.

TEXAS
Health and Human
Services

Districts in a SSA/Co-Op

- All “shared” costs must be allocated to each of the member districts
 - Example: If a member district contributed 15.75% of the budget, that district would be allocated 15.75% of the paid hours and payroll costs for each staff member
 - Allocation of costs based on budget contributions is only one way in which a fiscal agent may choose to allocate costs
- Important: Allocation methodologies used to distribute shared costs to member districts of a SSA/Co-Op must be documented and presented to HHSC upon request

TEXAS
Health and Human
Services

Regional Day School Program for the Deaf (RDSPD)

- If host district reports all students on its Public Education Information Management System (PEIMS) data:
 - Host district will report 100% of the salary and benefits of the providers for the RDSPD
 - Allocation of costs is not required
- Member districts will not report any costs associated with the RDSPD
- Contact the HHSC MAC Unit regarding district-specific questions

Reporting Costs

- Two options to enter financial data in Fairbanks:
 - Participant Details (Step 3)
 - Detailed basis by individual position
 - Group Summary Schedule (Step 4)
 - Summary of costs by job category
 - Financial detail by individual position must be kept on file
 - Enter Total Employees and Total Contractors claimed that quarter (i.e., positions that have costs entered on the MAC Financials)
 - Total Employees and Total Contractors should not exceed the number of positions listed on the PL for a given category

Participant Details

Physical Therapist – Licensed

Bob	Full Time
Joe	Contract
Mary	Full Time

Group Summary Schedule

Physical Therapist – Licensed

Employee Salaries	\$30,000
Payroll Taxes and Benefits	\$6,000
Contracted Staff Costs	\$8,000

TEXAS
Health and Human
Services

Financial Tips

- If reporting in Group Summary Schedule (Step 4 in Fairbanks):
 - Refer back to the certified PL for the given quarter
 - PL is available in advance
 - Ensure that the Total Employees and Total Contractors columns include ONLY positions that have costs entered on the MAC Financials (may differ from the number of positions included on the PL)
 - Example 1: If a district has costs to report for 5 employee positions, then 5 would be entered in the Total Employees column (even though the PL included 10 employee positions)
 - Example 2: If a district has no costs to report in the Contracted Staff Costs column, then 0 would be entered in the Total Contractors column

Financial Tips

- Ensure that negative values are **NOT** entered on the MAC Financials
 - Select “Export to Excel” in Participant Details (Step 3 in Fairbanks) and/or Group Summary Schedule (Step 4 in Fairbanks) – depending on which level district reports financial data
 - Filter and sort columns
- Do **NOT** attempt to correct a previous quarter’s error(s) while preparing the MAC Financials for the current quarter
 - Contact the HHSC MAC Unit to correct a previous quarter
- Remember – the district is required to maintain all financial data, and records must be made available upon request from state and federal entities

Detailed Explanations – Edit Checks

- Fairbanks system is designed to perform various edit checks depending on the financial data entered
 - Helps find possible errors
 - Allows the district to correct its current MAC Financials before certifying the data
- Contact the HHSC MAC Unit should you find an error on the district's MAC Financials for a previous quarter
- If you notice an issue with the edit functionality, contact the HHSC MAC Unit

Detailed Explanations – Edit Checks

- Three main types of edit checks in Fairbanks that flag financial data entries:
 - Employee Salaries and Contracted Staff Costs entered for the current quarter are compared to the previous quarter submitted
 - Payroll Taxes and Benefits entered for the current quarter are compared to the previous quarter submitted
 - Total Positions entered on the MAC Financials are compared to the Total Positions reported on the PL for the current quarter
- District must provide a concise explanation of sufficient detail to the flagged data entry, or correct any error discovered, whichever applies

TEXAS
Health and Human
Services

Edit Checks – Employee Salaries and Contracted Staff Costs

- Explain in detail **why** costs increased or decreased
- Do not state “more/less costs to report”
- In the explanation, consider:
 - Bonuses, raises, and/or stipends received
 - Expanded programs
 - Filled vacancies
 - New schools in the district
 - Number of positions reported
 - Number of students requiring services
 - Number of workable days

Edit Checks – Payroll Taxes and Benefits

- Explain in detail why costs increased or decreased
- Refer to payroll taxes and benefits in explanation
- Do not state “more (less) costs to report”
- In the explanation, consider:
 - Administrative fees and claims paid (if district is self-insured and pays a third-party administrator)
 - Filled vacancies
 - Number of positions reported
 - Premiums paid (if district incurs an insurance cost)
 - Replacement has greater (lesser) salary or benefits
 - Salaries paid (higher salaries increase payroll taxes, and vice versa)

TEXAS
Health and Human
Services

Edit Checks – Total Positions

- Explanation best described numerically

Total positions on the MAC Financials	+	Number of positions not performing MAC activities	+	Number of positions not providing services	+	Number of unfilled vacancies	+	Number of retirements or terminations	=	Total positions on the PL
---------------------------------------	---	---	---	--	---	------------------------------	---	---------------------------------------	---	---------------------------

- Example: If the total on the PL is 8 and the total claimed on the MAC Financials is 2, then a good explanation might be:
 - “2 positions did not perform MAC activities, 2 positions did not provide services, 1 position is vacant, and 1 provider terminated prior to quarter”
 - All add up to 8 – the total listed on the PL

MAC Claim Calculation

	(A)	(B)	(C)	(D)	(E)	(F)
Cost Pool	Net Expenditures	Claimable Percentage	Claim Amount (A * B)	Total Federal Share (C * FFP)	5% Retention (D * 5%)	Net Claim (D - E)
Cost Pool #1	Direct Service & Administrative					
Cost Pool #2	Administrative Only					

TEXAS
Health and Human
Services

Claimable Percentage

- RMTS Results
 - State-wide aggregate, quarterly
 - Ratio developed for Cost Pool #1 and Cost Pool #2
- Medicaid Eligibility Rate (MER)
 - District-specific, quarterly
 - Percent of students in district who are Medicaid eligible
- Unrestricted IDCR
 - District-specific, annually
 - Developed by the Texas Education Agency (TEA)

RMTS Results

- Identifies reimbursable and non-reimbursable time
- Used to identify the percent of time providers are participating in MAC activities (as well as participating in direct medical services)
 - Each cost pool has separate and different time study percentages
 - MAC claim is calculated for Cost Pool #1 and Cost Pool #2 using their relevant costs and time study percentages

MER Calculation

- PEIMS enrollment data for the current school year is submitted to TEA by each district
 - District must ensure that PEIMS data is up-to-date
- Medicaid eligibility file for each quarterly period is gathered by HHSC and sent to TEA
- TEA develops an unduplicated Medicaid eligibility file from the quarterly file provided by HHSC
- Unduplicated Medicaid eligibility file is matched against the PEIMS enrollment data
 - Two matches are performed:
 - Based on Social Security Number (SSN)
 - For those who do not match based on SSN, a second run is performed based on the first name, last name, and date of birth
- Total # of Matches / Total # of Enrolled Students (by District)
= District's Quarterly MER

TEXAS
Health and Human
Services

IDCR Information

- Districts may choose to obtain an approved IDCR from the TEA
 - New IDCR must be obtained every fiscal year
 - Information about obtaining IDCR:
 - <https://tea.texas.gov/finance-and-grants/grants/federal-fiscal-compliance-and-reporting/indirect-cost-rates>
- Helps district recover some of its indirect costs
- CMS has approved the use of an unrestricted IDCR
- Districts that need an IDCR should contact TEA – Federal Fiscal Compliance and Reporting Division
