Background

HHSC is required by House Bill (H.B.) 1 Rider 8 and Rider 16, 88th Legislature, Regular Session 2023 to increase Medicaid inpatient rural hospital labor and delivery rates. Also, HHSC is required by Senate Bill 170 (S.B. 170), 86th Legislature, Regular Session 2019 to calculate Medicaid rural hospital inpatient rates using a cost-based prospective reimbursement methodology once every two years, using the most recent cost information available. HHSC previously published proposed rates to be effective September 1, 2023, and with the 88th legislative direction, the proposed rates include these updates.

Methodology

HHSC must calculate rates for rural hospitals once every two years, using the most recent cost information available. The realigned SFY2024 and SFY2025 Standard Dollar Amounts were calculated using current costs (2022 data) and relative weights.

HHSC also recalculated the Labor and Delivery Add-on for rural hospitals with appropriations from 88th Legislative session.

Proposed Rate Adjustments

Specific proposed payment rate adjustments are found in the attachment below:

Attachment 1 - Summary of Proposed Rural Rates

The proposal for realignment of rural hospital inpatient Standard Dollar Amounts was published for public comment beginning January 1, 2023 through March 31, 2023 with proposed rates to be effective on September 1, 2023.

Potential Testimony Limitations

Due to the number of people anticipated to provide oral testimony at the hearing, HHSC may have to time-limit public testimony to three minutes for each individual depending on the number of participants signed-up to testify prior to the hearing and the time allotted for the rate hearing. HHSC will announce at the beginning of the hearing, the final allotted amount of time for oral testimony.

Written Comments

Written comments regarding the proposed payment rate adjustments will be accepted in lieu of, or in addition to, oral testimony until 5 p.m. the day of the hearing.
