## **28. Rehabilitative Chemical Dependency Treatment Facility Services**

Medicaid providers of rehabilitative substance abuse and dependency treatment services are reimbursed based on fee schedules as follows:

- (a) Payment for covered rehabilitative substance abuse and dependency treatment services provided by a participating treatment facility is limited to the lesser of the customary charge or the allowable rates per established fee schedule by the single state agency. Room and board costs are excluded from the calculation of these chemical dependency facilities.
- (b) The fee schedule established by HHSC is based upon: (1) analysis of the Department of State Health Services Mental Health Block Grant Substance Abuse Services fees; (2) review of Medicaid fees paid by other states; (3) Medicaid fees for similar services; and/or (4) some combination or percentage thereof.
- (c) All fee schedules are available through the agency's website as outlined on Attachment 4.19-B, Page 1.

### **3. Clinical Diagnostic Laboratory Services**

Medicaid providers of clinical diagnostic laboratory (CDL) services are reimbursed based on fee schedules as follows:

- (a) The Texas Department of State Health Services (DSHS) Laboratory provides Early and Periodic Screening, Diagnostic and Treatment (EPSDT) medical and newborn screening services through a federal freedom-of-choice exemption as well as any other laboratory services provided that are not covered by this exemption. The DSHS laboratory is reimbursed for all laboratory services provided at a percentage of the Medicare fees.
- (b) Sole community hospitals are reimbursed the lesser of their billed charges or the fee determined by HHSC, which is a percentage of the Medicare fee. Under Medicare, the fee schedule amount paid to sole community hospitals is three and one third percent higher than the fee schedule amount paid to other types of providers of CDL service. The Medicaid fee for any new procedure codes added during the year will be based on a percentage of the Medicare fees in effect as of January 1 of that same year.
- (c) The remaining providers of these services are reimbursed the lesser of their billed charges or the fee determined by HHSC, which is a percentage of the Medicare fee. The Medicaid fee for any new procedure codes added during the year will be based on a percentage of the Medicare fees in effect as of January 1 of that same year.
- (d) The reimbursement methodologies in 3(a) – (c) ensure that Medicaid payments to these providers for these services meet the upper payment limit requirements in Section 1903(i)(7) of the Social Security Act by requiring that Medicaid payments for clinical laboratory services must not exceed the Medicare fee for the service on a per test basis. This provision does not apply to the DSHS laboratory reimbursement, Rural Hospitals, or Sole Community Hospitals, which will be established at a percentage of the Medicare fee.
- (e) All fee schedules are available through the agency's website as outlined on Attachment 4.19-B, Page 1.
- (f) For services related to testing of Covid-19 (coronavirus), CDL services provided outside of the DSHS Laboratory are reimbursed at 92% of the Medicare rate.
- (g) The agency's fee schedule was revised with new fees for clinical diagnostic laboratory services effective March 1, 2024, and was posted on the agency's website on or prior to March 15, 2024.

**1. Physicians and Other Practitioners (continued)**

- (g) All fee schedules are available through the agency's website, as outlined in Attachment 4.19-B, page 1.
- (h) The agency's fee schedule was revised with new fees for services provided by physicians and other practitioners affiliated with tuberculosis clinics or employed by tuberculosis clinics, effective July 1, 2018. This fee schedule was posted on the agency's website on July 6, 2018.

## **8. Home Health Services (continued)**

### **(b) Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS)**

- (1) If the item of DMEPOS is covered by Medicare, the Medicaid fee will be equal to or a percentage of the Medicare fee schedule specific to Texas that is available at the time of the fee review, unless there is documentation that the Medicare fee is insufficient for the items covered under the procedure code and required by the Medicaid population.
- (2) For items of DMEPOS not paid at the Medicare fee, the provider will either be reimbursed a fee determined by HHSC or through manual pricing. The fee determined by HHSC will be based on cost information from providers, manufacturers, surveys of the Medicaid fees for other states, survey information from national fee analyzers, or other relevant fee-related information.
- (3) Manual pricing is reasonable when one procedure code covers a broad range of items with a broad range of costs since a single fee may not be a reasonable fee for all items covered under the procedure code, resulting in access-to-care issues. Examples include 1) procedure codes with a description of “not otherwise covered,” “unclassified,” or “other miscellaneous;” and 2) procedure codes covering customized items. If manual pricing is used, the provider is reimbursed either the documented Manufacturer's Suggested Retail Price (MSRP) less 18 percent, or the documented Average Wholesale Price (AWP) less 10.5 percent, whichever one is applicable. If one of these is not available, the provider's documented invoice cost is used as the basis for manual pricing. AWP pricing is used primarily for nutritional products and DMEPOS items sold in pharmacies.
- (4) The Medicaid fees for oxygen equipment, oxygen, and oxygen-related supplies will not exceed the Medicare fee for the same procedure code.
- (5) All fee schedules are available through the agency's website as outlined in Attachment 4.19-B, page 1.
- (6) The agency's fee schedule was revised with new fees for durable medical equipment, prosthetics, orthotics, and supplies effective March 1, 2024, and will be posted on the agency's website by March 15, 2024.

## 9. Hearing Aids and Audiometric Evaluations

- (a) Providers of professional hearing and audiometric evaluation services are reimbursed based on the lesser of the provider's billed charges or fees determined by HHSC in accordance with Item 1 of this attachment, relating to the reimbursement methodology for physicians and certain other practitioners.
- (b) Providers of hearing aids are reimbursed the lesser of the provider's billed charges or fees determined by HHSC, which are based on a review of data available to HHSC, such as cost information from providers or manufacturers, surveys of the Medicaid fees for other states, survey information from national fee analyzers, or other relevant fee-related information.
- (c) All fee schedules are available through the agency's website as outlined on Attachment 4.19-B, page 1.
- (d) The agency's fee schedule was revised with new fees for hearing aids and audiometric evaluation services effective March 1, 2024, and this fee schedule will be posted on the agency's website by March 15, 2024.
