Subject: Information Letter No. 2022-30 American Rescue Plan Act (ARPA) Home and Community-Based Services (HCBS) Provider Retention Payments

The Texas Health and Human Services Commission (HHSC) is implementing the American Rescue Plan Act (ARPA) Home and Community-Based Services (HCBS) Provider Retention payments, a part of the [HHSC ARPA HCBS Spending Plan](#).

To implement the ARPA HCBS Provider Retention Payments, HHSC is providing funds through a temporary add-on to agency providers and consumer-directed services employers to support recruitment and retention efforts for direct care staff delivering HCBS services. Eligible providers can use the temporary add-on to provide one-time financial compensation directed toward direct care staff, including lump-sum bonuses, retention bonuses, and paid time off to receive a COVID-19 vaccination or to isolate after receiving a positive COVID-19 test.

Temporary rate add-on will be made on eligible HCBS service claims with dates of service between March 1, 2022, and August 31, 2022. HHSC will not include the add-on rate in calculating the cost of services on an individual plan of care or individual service plan.

Fee Schedule and Claims Submission

A list of eligible services and a fee schedule is available on the [HHSC Provider Finance Website](#).

Required Attestation and Reporting

HHSC adopted a new rule, Title 1 Texas Administrative Code (1 TAC) [355.207](#), concerning the ARPA HCBA Provider Retention Payment, which establishes the criteria and requirements.

HHSC requires providers who deliver eligible HCBS services with service dates between March 1, 2022, and August 31, 2022, to submit an attestation, an initial report, and a final report. The attestation and initial report are due on July 1, 2022.

More information about the required attestation and reporting is available on the [HHSC Provider Finance website](#). HHSC encourages all providers to review the Frequently Asked Question document before completing the required attestation and reporting.

Recoupment and Reconciliation

Providers who do not submit the required attestation, initial report, and final report will be subject to recoupment of all HCBS ARPA funds. Claims will be reprocessed at the rate that was in effect prior to March 1, 2022.

Resources

HHSC published a Frequently Asked Questions document for HCBS ARPA Provider Retention payments on the [HHSC Provider Finance Website](#).
