Introduction

Purpose

The purpose of the Request for Revision Report (RFR) is to collect information for the Texas Health and Human Services Commission (HHSC). HHSC uses this information to determine if a provider has met a higher attendant compensation level for the reporting period than the level it met on its most recent audited report functioning in its fiscal year 2020 Cost or Accountability Report or 2021 Accountability Report.

Who must complete this report?

All providers requesting a revision of their enrollment limitation for the fiscal year 2023 enhancement period (September 1, 2022 to August 31, 2023) must complete this report.

Assistance

For assistance with the completion of the Request for Revision Report, contact the Provider Finance Department (PFD) Customer Information Center at <u>pfd-ltss@hhs.texas.gov</u> or (737) 867-7817.

For assistance in submitting the electronic Request for Revision Report, contact the PFD Help Line at <u>costinformationpfd@hhs.texas.gov</u>.

General

Except where otherwise noted, this RFR is governed by all rules and instructions pertaining to the completion of your DAHS (Day Activity and Health Services) Cost Report. Rules and instructions relevant to DAHS can be found here:

- Cost Determination Process Rules at Title 1 of the Texas Administrative Code (TAC), Section 355.101-355.111;
- Attendant Compensation Rate Enhancement Rules at 1 TAC Section 355.112;
- DAHS program-specific rules at 1 TAC Section 355.6907;
- Training for the 2020 and 2021 Cost Reports; and
- Specific Instructions for the Completion of the 2021 DAHS Cost Report.

Due Date

This report is due to HHSC by **August 1, 2022**. The RFR report is now online.

If the RFR report is not submitted by the due date, the enrollment limitation specified on the fiscal year 2023 "Enrollment Limitation List" will apply.

Website

An electronic version of the 2023 RFR is available on our website at: <u>https://pfd.hhs.texas.gov/long-term-services-supports</u>.

Following these instructions to access the RFR:

- 1. Open the website;
- 2. Click on the link to "Day Activity and Health Services;"
- 3. Scroll down to the heading "Rate Enhancement Attendant Compensation;"
- 4. Click on "View 2023 Rate Enhancement Attendant Compensation Information;"
- 5. Under the heading "2023 Enrollment Limitations Information," click on "View the Request for Revision Report and Instructions;" and
- 6. Select "Complete the RFR."

Reporting Period

The reporting period is **September 1, 2021 through April 30, 2022**. The report must be completed for the entire reporting period.

Rounding Monetary Amounts

All reported monetary amounts should be rounded to the nearest whole number (with no zeros included for cents). For example, \$25.49 should be rounded to \$25 and \$25.50 to \$26. RFRs submitted without properly rounding monetary amounts may be returned for proper completion.

Rounding Statistical Amounts

Statistical data (i.e., hours, units, and miles) must be reported using two decimal places. For example, when reporting the hours paid for Priority attendants, 150 hours and 30 minutes would be reported as 150.50 hours, and 150 hours and 20 minutes would be reported as 150.33 hours. RFRs submitted without appropriate decimal places may be returned for proper completion.

Accounting Method

All information submitted on the RFR must be based on an accrual method of accounting, except where otherwise specified. Governmental entities may report on a cash basis or modified accrual basis.

Cost Allocation Method

Refer to the Cost Determination Process Rules for information concerning allowable allocation methods and requirements for adequate allocation summaries. FICA or Medicare, unemployment, workers' compensation premiums and paid claims, and employee health paid claims may be allocated to attendants based on payroll or direct costed. Health insurance premiums, life insurance premiums, and other employee benefits must be direct costed.

1 TAC Section 355.102(j) and Section 355.105(b)(2)(B)(v)

Report Certification

Contracted providers must certify the accuracy of the RFR submitted to HHSC. Contracted providers may be liable for civil penalties, criminal penalties, imprisonment, or any combination of these penalties if the RFR is not completed according to HHSC

requirements. Providers may also be liable if the information is misrepresented, falsified, or both. Before signing the certification pages, carefully read the certification statements to ensure that the signers have complied with the reporting requirements. The Methodology Certification advises preparers that they may lose the authority to prepare future reports if reports are not prepared in accordance with all applicable rules, instructions, and mandatory training materials.

NOTE: Reports will be returned to the provider any report if submitted without the original signed Certification and Methodology Certification pages. Copies and faxes will not be accepted.

Cover Sheet

Contracted Provider Identification

Each provider must complete the Contract Provider Identification Section . Enter the name, address, phone number, fax number, and email address of the contracted provider.

Mailing Address

Enter the mailing address for the Contracted Provider.

Contracting Entity Information

Enter the Contracting Entity Name, the physical address, phone number, fax number, and email address of the contracted provider.

Location of Accounting Records

Enter the address of the location of your company's accounting records.

Contact Information

Enter the company's contact name, title, organization, address, phone number, fax number, and email address for the contact. The contact person is the employee of the provider, contracting entity, controlling entity, parent company, sole member, governmental body, or related-party management company designated to be contacted concerning information reported on the RFR. The contact person should be able to answer questions about the contents of your contract's RFR that arise during the HHSC PFD review process.

Preparer Information

Enter the contact name, title, organization, address, phone number, fax number, and email address of the preparer of this report.

Texas County Code in Which Accounting Records are Located

Report the 3-digit county code for the Texas County where the accounting records and supporting documentation used to prepare this compensation report are located. Select your county code from the drop-down menu. Enter "999" if the accounting records are outside the state of Texas.

Preparer of This Report Attended the Required Annual Report Training Last Year

Check "Yes" if the preparer attended the required training. The HHSC Provider Finance Department will verify the Cost Report training attendance. Reports submitted by preparers who have not completed the appropriate cost report training will not be accepted. They will not be processed until the required cost report training has been completed.

Total Number of Other State of Texas Contracts

If the contracting entity holds any other State of Texas contracts participating in the Attendant Compensation Rate Enhancement, report the total number of contracts in the box provided and list the type of contract (i.e., PHC, CLASS, RC, DBMD) with its 9-digit contract number in the space provided.

Address to Send All Future Correspondence for This Report

Select the address where all future correspondence concerning this report should be mailed. The two choices correspond to the addresses of the contracted entity and the contracted provider.

Owner-Employee or Other Related-Party Expenses

Check "Yes" if this report includes either of the following:

- The cost of owner-employees or other related party employees functioning as attendants, or
- The cost of services purchased from a related party, individual, or organization.

All Other State Contracts List

If you have other State of Texas contracts, report the contract number and select the type of program from the drop-down list.

Attendant Information

Number of Miles Reimbursed

Report the number of miles reimbursed for attendants and drivers providing DAHS services. HHSC checks the reimbursement per mile against the maximum allowed by the state.

Mileage Reimbursement

Report the mileage reimbursement paid to attendants and drivers providing DAHS services. Refer to the Definitions Section regarding mileage reimbursement. The amount of mileage reimbursement reported in this item will be divided by the number of miles reported to verify the mileage reimbursement ceilings. Allowable mileage reimbursement cannot exceed the reimbursement rate applicable for the reporting period as set by the Texas Legislature for state employee travel.

Paid Hours

Report the total number of hours paid for DAHS attendants and drivers, including hours for training, paid leave, or travel time between clients. The hours reported in this line item should reconcile to your payroll ledger for the total hours worked. You must be able to provide a reconciliation between the total hours paid for delivering services, total paid hours, and units of service provided, including a detailed explanation of the variances.

Report the total number of hours paid to other staff delivering DAHS attendant services. Do not include training, paid leave, or other paid hours in this item. Reported hours must be associated with allowable costs as defined in 1 TAC Section 355.103(b)(1). Report all hours to two decimal places.

Report the total number of hours paid to DAHS contracted attendants, drivers, and contracted other staff delivering DAHS attendant services.

Salaries and Wages

Report salaries and wages for DAHS attendants and drivers and other staff delivering DAHS attendant services. Report only salaries and wages for individuals you employ and for whom you are required to make FICA contriutions. See the Definitions Section for the definition of an attendant and requirements for staff members functioning in more than one capacity. Salaries and wages include overtime, bonuses, and taxable fringe benefits such as accrued or taken vacation, accrued or taken sick leave, and other allowances. *1 TAC Section 355.103(b)(1)(A)(iii)(II)*.

Report the total cost of contracted DAHS attendants and drivers and contracted other staff delivering DAHS attendant services.

Payroll Taxes – FICA and Medicare

Report both Federal Insurance Contributions Act (FICA) and Medicare taxes for DAHS attendants, drivers, and other staff delivering DAHS attendant services.

Payroll Taxes – State and Federal Unemployment

Report both federal (Federal Unemployment Tax Act or FUTA) and state (Texas Unemployment Compensation Tax Act or TUCA) unemployment expenses for DAHS attendants, drivers, and other staff delivering DAHS attendant services.

Workers' Compensation – Insurance (WCI) Premiums

Report the WCI premiums paid to your commercial insurance carrier for DAHS attendants, drivers, and other staff delivering DAHS attendant services. If your contract, any of its controlling entities, its parent company, or sole member subscribe to the Workers' Compensation Act, report the WCI premiums costs paid to your commercial insurance carrier for attendants and other staff delivering attendant services. Premium costs include the base rate, any discounts for lack of injuries, any refunds for prior period overpayments, any additional modifiers, and surcharges for experiencing high numbers of injuries (such as being placed in a risk pool).

If your contract, any of its controlling entities, its parent company, or sole member are not subscribers to the Workers' Compensation Act, other insurance premium costs can be reported in this item. Acceptable alternate insurance policies include industrial accident policies and other similar types of coverage for employee on-the-job injuries. Health Insurance is not workers' compensation and should be reported under Employee Benefits.

If your commercially-purchased insurance policy does not provide total coverage and has a deductible, coinsurance clause, or both, then any deductibles, coinsurance payments, or both made by the employer on behalf of the employee must be reported as "Workers' Compensation - Paid Claims" (i.e., self-insurance). WCI premium expenses may be allocated based upon payroll, and then an acceptable allocation summary must be attached

Workers' Compensation – Paid Claims

Report medical claims paid for any employee on-the-job injuries for attendants, drivers, and other staff delivering attendant services. If you paid workers' compensation claims for employee on-the-job injuries but were not a subscriber to the Workers' Compensation Act (i.e., traditional workers' compensation insurance policy), report the number of claims paid in this item for staff whose salaries and wages are reported above.

If you maintained a separate banking account for the sole purpose of paying your workers' compensation claims for employee on-the-job injuries (i.e., a nonsubscriber risk reserve account), the contributions made to this banking account are not allowable. Paid claims may be direct costed or allocated based upon payroll. An acceptable allocation summary must be attached if paid claims are allocated.

Employee Benefits – Health Insurance

Report employer-paid health insurance for attendants, drivers, and other staff delivering attendant services. Employer-paid health insurance premiums must be direct costed.

Employee Benefits – Life Insurance

Report employer-paid life insurance for attendants, drivers, and other staff delivering attendant services. Employer-paid life insurance premiums must be direct costed.

Employee Benefits – Other Benefits

Report any employer-paid disability insurance and retirement contributions for attendants, drivers, and other staff delivering attendant services whose salaries and wages are reported. These benefits must be direct costed.

Do not report the contracted provider's unrecovered cost of meals and room-and-board furnished to direct care staff, uniforms, staff personal vehicle mileage reimbursement, job-related training reimbursements, and job certification renewal fees as benefits unless they are subject to payroll taxes. In this case, they are subject to payroll taxes and should be reported as salaries and wages.

Costs that are not employee benefits and are not subject to payroll taxes are not to be reported on the RFR, with the exception of mileage reimbursement for client

transportation. Mileage reimbursement costs may be reported on the provider's cost report in the appropriate fields. In the space provided, describe the amount and type of each benefit comprising the total amount reported. Employee benefits must be reported in accordance with 1 TAC Section 355.103(b)(1)(A)(iii)(II).

Units of Service

DAHS Title XIX and XX Units of Service

Report the total number of units of service provided by your attendants and drivers for the Title XIX and XX clients for whom you have received payments from HHSC or for whom you expect to bill and receive payment from HHSC.

Private and Other (including STAR+PLUS)

Report the total number of DAHS service units delivered by your attendants and drivers to all other clients, including STAR+PLUS. Report units of service to two decimal places.

Certification Pages

Report Certification

This page must be completed and signed electronically by an individual legally responsible for the conduct of the provider, such as an owner, partner, Corporate Officer, Association Office, governmental official, or LLC member.

Multi-contract organizations participating as individuals may submit one RFR containing original signatures. Multi-contract providers can submit all other reports with copies of the original certification page. For multi-contract organizations that choose this option:

- The original certification page must include a list of the 9-digit contract numbers of the reports being submitted with copies of the original certification page; and
- The copies of the original certification page must include the 9-digit contract number of the report being submitted with the original certification page.

Methodology Certification

This page must be signed electronically by the person identified on the cover page of this report as "Preparer." This person must have prepared the report or have primary responsibility for its preparation for the provider. Signing as Preparer carries the responsibility for an accurate and complete report prepared following applicable methodology rules and instructions. Signing as Preparer signifies that the preparer is knowledgeable of the applicable methodology rules and instructions and that the preparer has either completed the report themselves according to those rules and instructions or has adequately supervised and instructed their employees in its proper completion. The ultimate responsibility for the report lies with the person signing as Preparer. If more than one person prepared the report, an executed Methodology Certification page may be submitted by each preparer. Preparers may lose their authority to prepare future reports if the reports are not prepared in accordance with all applicable rules, instructions, and mandatory training materials.

Definitions

Accrual Accounting Method

In accrual accounting, revenues are recorded in the period they are earned, and expenses are recorded in the period they are incurred. If a provider operates on a cash basis, it is necessary to convert from cash to an accrual basis for reporting purposes. Ensure that a proper cutoff of accounts receivable and accounts payable occurs at the beginning and end of the reporting period. Amounts earned but not received and amounts owed to employees and creditors but not paid should be included in the reporting period in which they were earned or incurred. Allowable expenses properly accrued during the reporting period must be paid within 180 days after the end of the reporting period to remain allowable costs for reporting purposes. If accrued expenses are not paid within 180 days after the report.

When a contracted provider, any of its controlling entities, parent company, sole member, or related-party management company has filed for bankruptcy protection, they may submit a written request to the Provider Finance Department of HHSC for an exception to the required 180-day payment of accrued allowable expenses. The written request must be submitted within 60 days of the bankruptcy filing date or 60 days before the report's due date for which the exception is being requested, whichever is later. The Provider Finance Department will request specific documentation by the specified due date. Exceptions due to bankruptcy may be granted for reasonable, necessary, and documented accrued allowable expenses not paid within the 180-day requirement.

Attendant

An attendant is an unlicensed caregiver providing direct assistance to the clients with Activities of Daily Living (ADLs) and Instrumental Activities of Daily Living (IADLs). Attendants may perform some nonattendant functions. In such cases, attendants must perform attendant functions for at least 80% of their total time worked. Other staff not providing attendant services for at least 80% of their total time worked are not considered attendants. Time studies must be performed according to Section 355.105(b)(2)(B)(I) for staff in the DAHS program who are not full-time attendants but perform attendant functions to determine if each meets the 80% requirement. These staff members will not be considered attendants if providers fail to perform the time studies for them.

Attendants do not include the director, administrator, assistant director, assistant administrator, clerical and secretarial staff, professional staff, other administrative staff, licensed staff, attendant supervisors, cooks and kitchen staff, maintenance and groundskeeping staff, activity director, and laundry and housekeeping staff. Attendants include drivers who transport clients.

Attendant expenses must be direct costed to be allowable for the Attendant Compensation Rate Enhancement. Direct costing requires daily timesheets documenting time spent performing attendant services for the contract

Attendant/Driver Contract Labor

Contract labor includes the nonstaff attendants and drivers who intermittently provide services to the facility, whose compensation is not subject to employer payroll tax contributions, and who perform tasks routinely performed by employees. Contract labor does not include consultants. Expenses incurred for contracting public transportation for DAHS clients are not considered contract labor.

Contracted Provider

HHSC contracts the contracted provider as a business component for the provision of DAHS services.

Controlling Entity

The individual or organization that owns the contracting entity.

Mileage Reimbursement

Mileage Reimbursement is paid to the attendant for using their personal vehicle and is not subject to payroll taxes.

Related Party

A related party is a person or organization related to the contracted provider by blood, marriage, common ownership, or any association that permits either entity to exert power or influence, directly or indirectly, over the other. Common ownership and control tests are applied separately to determine whether a related-party relationship exists with the contracted provider. Control exists when an individual or organization has the power, directly or indirectly, to significantly influence or direct the actions or policies of an organization or institution. If the elements of common ownership or control are not present in both organizations, the organizations are deemed not to be related to each other. An immediate family relationship will create an irrefutable presumption of relatedness through control or attribution of ownership or equity meeting the significance tests. The following persons are considered immediate family for cost reporting purposes:

- Husband and wife;
- Natural parent, child, and sibling;
- Adopted child and adoptive parent;
- Stepparent, stepchild, stepsister, and stepbrother;
- Father-in-law, mother-in-law, brother-in-law, son-in-law, sister-in-law, and daughter-in-law;
- Grandparent and grandchild;
- Uncles and aunts by blood or marriage;
- First cousins; and
- Nephews and nieces by blood or marriage.

Disclosure of related-party information is required for all allowable costs reported by the contracted provider.

Workers' Compensation

For reporting purposes, workers' compensation is the actual costs paid by the contracted provider during the reporting period for employee on-the-job injuries (such as commercial insurance premiums or the medical bills paid on behalf of an injured employee).
