Re: STAR and STAR+PLUS Rate Amendment UMCC 529-12-0002 V2.21, STAR+PLUS Expansion Rate Amendment UMCC 529-10-0020 V1.25 and STAR+PLUS MRSA Rate Amendment UMCC 529-13-0042 V1.10

Dear Ms. Butler:

This letter amends the following reports:

1. State of Texas Medicaid Managed Care STAR Program Rate Setting State Fiscal Year 2017 and dated June 29, 2016.
2. State of Texas Medicaid Managed Care STAR+PLUS Program Rate Setting State Fiscal Year and dated June 29, 2016.

The amended rates are assumed to be payable for the period February 1, 2017 through August 31, 2017. The rates have been amended to account for the carve-in of behavioral health services in the Dallas service area effective January 1, 2017 due to the termination of the NorthSTAR program. These services have been carved into all other service areas since the beginning of managed care and therefore no adjustments are needed for these areas. Due to timing and administrative constraints, these premium rates will not become effective until February 1, 2017 although the behavioral health services will be carved into the programs effective January 1, 2017. As a result, the premium rates have been adjusted for the period February 1, 2017 through August 31, 2017 such that the total premium paid during the two periods (1) January, 2017 and (2) February, 2017 through August, 2017 generate the appropriate total premium for all service to be

provided as a result of the behavioral health services carve-in. This adjustment is detailed later in this report.

A. Background

The NorthSTAR Program is a managed care program for the delivery of mental health and chemical dependency services to the eligible residents of Dallas, Ellis, Collin, Hunt, Navarro, Rockwall and Kaufman counties. NorthSTAR became effective July 1, 1999 and is under the direction of the Texas Health and Human Services Commission (HHSC). It provides comprehensive behavioral health (mental health and substance abuse) services to all eligible participants.

NorthSTAR is unique in that it is a separate program providing behavioral health services. In the Dallas service area for the STAR and STAR+PLUS programs, behavioral health services are not currently included in the Managed Care Organization (MCO) contracts. Those services are carved-out of the MCO contracts and provided separately through the NorthSTAR program. In all other service areas of the state behavioral health services are included in the MCO contracts.

Client services provided to eligible Medicaid and medically indigent participants are currently managed under contract with the State by a behavioral health organization (BHO), ValueOptions. ValueOptions' clinical care managers individually review case presentations for clinical need, and make authorization decisions accordingly. ValueOptions is also responsible for paying provider claims for eligible services.

While the NorthSTAR Program provides services to both Medicaid and non-Medicaid medically indigent participants, this report includes enrollment, financial experience and rate development information for Medicaid clients only.

The NorthSTAR Program includes the behavioral health services described below:

- Inpatient Services - Acute (Mental Health) Inpatient Hospitalization and Sub-Acute (Mental Health) Inpatient Hospitalization.
- Crisis Services - Mobile Crisis, Crisis Stabilization (Hospital-based, 1-3 days), Crisis Stabilization (Community-based, 1-3 days) and 23 Hour Observation/Treatment (Hospital-based).
- Residential Services - Intensive Crisis Residential (1-14 days) and Residential Treatment Centers, Personal Care Homes/Assisted Living.
- Day Services - Partial Hospital, Day Treatment for Acute Needs (Rehabilitative) and Intensive Outpatient Programs.
- Specialty Provider Community Based Services - Routine Case Management, Intensive Case Management, Supported Employment, Early Intervention and Assertive Community Treatment.
- Placement Services - Respite Care, Therapeutic Foster Care and Adult Foster Care.
- Specialty Children's Programs - Early Childhood Pre-School Day Treatment (Ages 3-5), Children and Youth Wrap, Mental Health Services-Birth to Age Six and Treatment Foster Care.
- Outpatient Services - Diagnostic Interview/Clinical Assessment, Medication Management,

Walk-in Crisis/Assessment, Home-based Behavioral Health Treatment, Psychological Testing / Neurological Testing Battery, Outpatient Treatment Modalities (Counseling services) and Narcosynthesis.

- Chemical Dependency Services - Clinical Screening, Clinical Assessment, Hospital Inpatient Services, Medically Monitored 24-Hour Residential Detoxification, Medically Monitored Outpatient Detoxification, 24-Hour Residential Rehabilitation Program, Partial Hospitalization Rehabilitation Program, Intensive Outpatient Rehabilitation Program, Outpatient Program, Outpatient Service, Pharmacological Maintenance Therapy, Specialized Female Services and Dual Diagnosis Services.

The NorthSTAR program will be discontinued on December 31, 2017 and all previously covered services will be carved into the applicable managed care programs, STAR and STAR+PLUS, effective January 1, 2017.

B. Data

Rudd and Wisdom, Inc. has relied on the following data sources as provided by HHSC, Department of State Health Services (DSHS) and ValueOptions:

- DSHS provided historical client enrollment information by risk group through August 2013.
- Information provided by HHSC and DSHS regarding NorthSTAR client eligibility and those Medicaid groups that are not enrolled in NorthSTAR.
- HHSC provided a projection of FY2017 enrollment split by risk group. HHSC also provided separate enrollment projections for those Dallas area dual eligibles that would move to the new Dual Eligible Demonstration Project.
- DSHS and ValueOptions provided reports summarizing the historical encounter claims experience for Medicaid clients through August 2013 separated by risk group. These are claims that are reimbursed to providers on a fee-for-service basis.
- DSHS and ValueOptions provided reports summarizing the FY2013 amounts paid to those providers who receive payment on a fixed amount (subcapitated) basis.
- DSHS and ValueOptions provided reports summarizing the FY2013 amounts paid to State Hospital providers.

After accumulating all of the information to be used in the rate setting process, a comparison of the various sources of claims data was performed to check for consistency. Enrollment and financial information provided by DSHS and ValueOptions was compared to that submitted in prior years. All comparisons were done by risk group as well as in aggregate. In the case of inconsistent information, follow up inquiries were made until all information was corrected and reconciled with the other data sources. Ultimately there was satisfactory consistency between all data sources. Although the above data was reviewed for reasonableness, Rudd and Wisdom did not audit the data.

In addition, to the review for reasonableness performed by Rudd and Wisdom, HHSC employs the Institute for Child Health Policy (ICHP) as an External Quality Review Organization. ICHP

reviews the detailed encounter data and provides certification of the data quality. Below are excerpts from their data certification report:

The EQRO performed two analyses to generate this report:

1. *Volume analysis based on service category*
2. *Data validity and completeness analysis*

The EQRO examined the monthly totals to determine whether the number of records for each of the service categories and the total number of records varied significantly from month to month. The results were found to be consistent based on overall volumes.

Based on the completeness analysis, the SFY2013 NorthSTAR data are acceptable for rate setting.

C. NorthSTAR Actuarial Certification

For reference, the FY2017 (September 1, 2016 through December 31, 2016) NorthSTAR actuarial certification has been attached as Appendix 1. This report provides additional background regarding the NorthSTAR program, the base period data and the rating methodology.

D. STAR and STAR+PUS Rate Setting Methodology

The actuarial model used to derive the January 1, 2017 through August 31, 2017 Dallas service area behavioral health projected capitation rates relies primarily on NorthSTAR health plan financial experience. The historical claims experience for the NorthSTAR program was analyzed and estimates for the base period (FY2013) were developed. These estimates were then projected forward to January 1, 2017 through August 31, 2017 using assumed trend rates. Other plan expenditures such as capitated amounts and administrative expenses were added to the claims component in order to project the total January 1, 2017 through August 31, 2017 cost for these services. These projected total cost rates were determined separately for each program – STAR and STAR+PLUS.

The NorthSTAR Program enrollment system was upgraded in late 2013. This upgrade changed the process for automatic enrollment of members, leaving a large number in “candidate” status. DSHS remains concerned about the accuracy of the actuarial reporting provided by the new system. The agency is unable to reconcile some of the enrollment and claims information. As a result, while we would prefer to use a more recent experience period to set the rates, we have used FY2013 data as the base period.

Clients included in the NorthSTAR Program include all Medicaid clients in the applicable service area except the following:

- Dual eligible clients enrolled in the Dual Eligible Demonstration Project
- Nursing facility clients
- ICF-MR clients
- Clients living in state hospitals’ Institution for Mental Disease over Age 65 Program
- Foster Care children

- Medically Needy (Type Program 55) clients
- STAR Kids clients

The risk groups (or rate cells) included in the NorthSTAR Program rate setting analysis are shown below.

- SSI Child
- SSI Adult
- SSI Aged
- TANF Child
- TANF Adult

Since the NorthSTAR program does not separate the populations into the same risk groupings included in the STAR and STAR+PLUS programs we have combined multiple NorthSTAR groups (TANF Child and TANF Adult) in order to develop a single blended rate applied to all STAR risk groups and SSI Adult to develop a single blended rate applied to the STAR+PLUS Medicaid Only OCC and HCBS risk groups.

Exhibit A provides the calculation of the projected Dallas service delivery area behavioral health cost for the period January 1, 2017 through August 31, 2017. The enrollment data is summarized on pages 12 and 13 of Appendix 1. The incurred claims information is summarized on pages 14 and 15 of Appendix 1. Please note that for the STAR+PLUS rate development dual eligible members in the Dallas service delivery area have been excluded from the projected cost since these members will not have their behavioral health services carved into the STAR+PLUS program but were included in the SSI Adult risk grouping within the NorthSTAR program.

The average base period claims per member per month have then been trended forward to the projection period using the following trend assumptions:

- Service Encounters 3.0 %
- Invoiced Costs 0.0 %
- State Hospital Costs 0.0 %

The overall average program cost trend assumption is 2.3% per year. The above trend rate assumptions were applied to each risk group. Further details of this trend calculation can be found on pages 6 and 7 of Appendix 1.

Finally, the rate development includes provision for non-benefit cost:

- Administrative Cost 5.75% of premium
- Risk Margin 2.0% of premium
- Premium Tax 1.75% of premium

All non-benefit cost assumptions are consistent with those currently utilized in the STAR and STAR+PLUS program and detailed in the aforementioned actuarial reports.

E. STAR+PLUS Nursing Facility and IDD Projected Premium

STAR+PLUS members in the nursing facility and IDD risk groups in the Dallas service area have been excluded from the NorthSTAR program. As with all other Medicaid members in this service area, these members have their behavioral health services carved out of the managed care programs but receive their services through the fee-for-service (FFS) program. Due to internal data limitations, we are not able to separately identify the behavioral health services that will transition from FFS to managed care for these STAR+PLUS members. In order to estimate the Dallas SDA behavioral health costs for these members, we studied the relative behavioral health cost for nursing facility and IDD members to the Medicaid Only OCC and HCBS members in all other STAR+PLUS service areas. The attached Exhibit B summarizes the relative cost for these two risk groups in comparison to the average Medicaid Only OCC and HCBS within each STAR+PLUS service area. This ratio was calculated as:

$$\text{Ratio} = \frac{\text{Average IDD (or NF) behavioral health cost PMPM}}{\text{Average Medicaid Only OCC and HCBS behavioral health cost PMPM}}$$

Although these ratios vary from service area to service area we believe there is a reasonable level of consistency such that the overall non-Dallas statewide average is an appropriate estimate for the Dallas service delivery area.

The projected premium rate was then calculated as the average Medicaid Only OCC and HCBS premium calculated in Exhibit A multiplied by the applicable risk group cost ratio.

F. February 1, 2017 Adjustment

This amendment to the capitation rates will become effective February 1, 2017; however, behavioral health services will be carved into the managed care programs on January 1, 2017. Given that the current capitation rates will continue to be paid in January 2017 the February 1, 2017 through August 31, 2017 capitation rates must be adjusted to ensure the proper premium is paid in aggregate across the entire fiscal year.

The calculation of the adjusted February 1, 2017 capitation rates associated with the elimination of the NorthSTAR program and transition of behavioral health services to the STAR and STAR+PLUS programs in the Dallas service delivery area has been done as follows.

Definitions:

- a. January Premium – premium rates that would have been in place as of January 1, 2017 based on calculations performed in Exhibits A and B.
- b. Adjusted February Premium – premium rates that will be effective February 1, 2017

$$\text{February Premium} = 8 \times \text{January Premium}$$

In the above formula, 8 represents the total number of months (January-August) in the entire rating period and 7 equals the number of months (February-August) in which the mid-year adjusted premium will be paid. Exhibit C provides the details of this calculation and the final add-ons to the Dallas service area capitation rates for the period February 1, 2017 through August 31, 2017.

G. Final Capitation Rates

The impact of the addition of the NorthSTAR services into the STAR and STAR+PLUS managed care plans has been calculated on a community basis. The projected premium rates calculated in Exhibits A-C will be added to the current capitation rates for each managed care plan participating in the Dallas service delivery area. The calculations performed in this report do not impact the rates in any other service area or program.

Attachment 1 – Exhibit A (STAR) Revised presents the current STAR premium rates by component along with the revised premium rates to be effective February 1, 2017 through August 31, 2017 and replaces the information on pages 16-33 of the report titled “State of Texas Medicaid Managed Care STAR Program Rate Setting State Fiscal Year 2017” and dated June 29, 2016.

Attachment 1 – Exhibit A (STAR+PLUS) Revised presents the current STAR+PLUS premium rates by component along with the revised premium rates to be effective February 1, 2017 through August 31, 2017 and replaces the information on pages 16-33 of the report titled “State of Texas Medicaid Managed Care STAR+PLUS Program Rate Setting State Fiscal Year 2017” and dated June 29, 2016.

Sincerely,

Evan Dial

Actuarial Certification of Amended FY2017 STAR & STAR+PLUS HMO Capitation Rates

I, Evan L. Dial, am a principal with the firm of Rudd and Wisdom, Inc., Consulting Actuaries (Rudd and Wisdom). I am a Fellow of the Society of Actuaries and a member of the American Academy of Actuaries. I meet the Academy's qualification standards for rendering this opinion.

Rudd and Wisdom has been retained by the Texas Health and Human Services Commission (HHSC) to assist in the development of their state fiscal year 2017 (FY2017) managed care rate-setting methodology, assumptions and resulting capitation rates and to provide the actuarial certification required under Centers for Medicare and Medicaid Services (CMS) requirements 42 CFR 438.6(c) (Section 438.4 in the recently approved regulation).

I certify that the amended FY2017 STAR and STAR+PLUS amended HMO premium rates developed by HHSC and Rudd and Wisdom satisfy the following:

- (a) The premium rates have been developed in accordance with generally accepted actuarial principals and practices;
- (b) The premium rates are appropriate for the populations and services covered under the managed care contract; and
- (c) The premium rates are actuarially sound as defined in the regulations.

We have relied on historical experience data and program information provided to us by HHSC. We have reviewed the data for reasonableness but have not audited the data.

Please note that actual health plan contractor experience will differ from these projections. Rudd and Wisdom has developed these rates on behalf of the State to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c) (Section 438.4 in the recently approved regulation). Any health plan contracting with the State should analyze its own projected premium needs before deciding whether to contract with the State.

Evan L. Dial, F.S.A., M.A.A

Exhibit A, B and C

Below is a brief description of the exhibits included in this report:

Exhibit A – calculation of the projected behavioral health cost for the period January 1, 2017 through August 31, 2017 for the STAR and STAR+PLUS populations currently served by the NorthSTAR program.

Exhibit B – development of the average behavioral health cost ratio between the STAR+PLUS Medicaid Only Nursing Facility and IDD risk groups and the Medicaid Only OCC and HCBS risk groups in all non-Dallas service delivery areas. This calculation is necessary as Dallas area behavioral health costs are not available for these populations.

Exhibit C – calculation of the adjusted behavioral health premium add-on to be included in the STAR and STAR+PLUS premium rates for the Dallas service area effective February 1, 2017 through August 31, 2017.

Appendix 1 – NorthSTAR Actuarial Certification

The attached appendix includes the FY2017 actuarial report submitted for the NorthSTAR program. This report details the data, assumptions and rate development methodology used to project the NorthSTAR premiums for the period September 1, 2016 through December 31, 2016. This certification has been referenced throughout this report and serves as the basis for the calculation of the behavioral health premium add on included in the STAR and STAR+PLUS Dallas service delivery areas effective February 1, 2017 through August 31, 2017.

Appendix 2

FY2017 STAR and STAR+PLUS Amended Rate Certification Index

This index includes the page numbers from the letter which amends the reports titled “State of Texas Medicaid Managed Care STAR Program Rate Setting State Fiscal Year 2017” (Original STAR report) and “State of Texas Medicaid Managed Care STAR+PLUS Program Rate Setting State Fiscal Year 2017” (Original STAR+PLUS report) for the applicable sections of the 2016 Medicaid Managed Care Rate Development Guide.

1. General

B – The above titled reports and letter are intended to meet this requirement

C – This index is intended to meet this requirement

D.i – page 8

D.ii – page 21 (STAR) and page 37 (STAR+PLUS)

D.iii – not applicable, rate ranges are not used.

D.iv(a) – not applicable, included in original report.

D.iv(b) – page 1 of the amendment letter.

D.iv(c) – not applicable, included in original report.

D.iv(d) – not applicable, included in original report.

D.iv(e) – not applicable, included in original report.

2. Data

A.i(a)-(d) – page 3 of the amendment letter

A.ii(a)-(c) – pages 3 and 4 of the amendment letter

A.iii – not applicable; managed care encounter data has been used in the rate development.

A.iv – not applicable; managed care encounter data has been used in the rate development.

A.v – not applicable

B.i – pages 3 and 4 of the amendment letter.

B.ii – not applicable. All data is complete.

B.iii – pages 3 and 4 of the amendment letter.

B.iv – not applicable, included in original report.

B.v – not applicable, included in original report.

3. Projected Benefit Costs and Trend

A – pages 4 and 10 of the amendment letter.

B – page 5 of the amendment letter and page 14 of Appendix 1.

C – not applicable, included in original report.

D – not applicable, included in original report.

E – pages 10-12 of the amendment letter.

F – not applicable, included in original report.

G – not applicable, included in original report.

4. Pass-Through Payments

A – not applicable, included in original report.

B – not applicable, included in original report.

C – not applicable, included in original report.

5. Projected Non-Benefit Costs

A – page 5 of the amendment letter.

B – page 5 of the amendment letter.

C – page 5 of the amendment letter.

D – page 5 of the amendment letter.

6. Rate Range Development

A – not applicable

B – not applicable

7. Risk Mitigation, Incentives and Related Contractual Provisions

A – not applicable, included in original report.

B.i – not applicable, included in original report.

B.ii – not applicable, included in original report.

B.iii – not applicable, included in original report.

B.iv – not applicable, included in original report.

B.v – not applicable, included in original report.

B.vi – not applicable, included in original report.

C – not applicable

D – not applicable

E – not applicable

F – not applicable

G – not applicable, no such arrangements are in place for FY2017

8. Other Rate Development Considerations

A – not applicable, included in original report.
