Re: STAR+PLUS Rate Amendment UMCC 529-12-0002 V2.35.1, STAR+PLUS Expansion 529-10-0020 V1.39.1, STAR+PLUS MRSA 529-13-0042 V1.24.1 and HHS001106500001

Dear Ms. Butler:

This letter amends the report titled State of Texas Medicaid Managed Care STAR+PLUS Program Rate Setting State Fiscal Year 2022 and dated July 8, 2021 which was amended in the letter titled STAR+PLUS Rate Amendment and dated November 4, 2021. In addition, this letter replaces in its entirety the amendment letter dated January 10, 2022. The amended FY2022 capitation rates were developed using identical methods and assumptions as the rates described in the original report. The amended rates are assumed to be payable for three distinct time periods (1) September 1, 2021 through December 31, 2021; (2) January 1, 2022 through February 28, 2022 and (3) March 1, 2022 through August 31, 2022.

A. Summary of the Revisions

The following sections detail all changes implemented since the original certification and indicates where further information regarding the changes can be found.

Molina Acquisition of Cigna (Health Spring)

Effective January 1, 2022 Molina Healthcare acquired Cigna's Texas Medicaid and Medicare-Medicaid Plan (MMP) in all service delivery areas in which Cigna (Health Spring) currently operates. For the STAR+PLUS program this includes the Hidalgo, Tarrant and MRSA Northeast service delivery areas (SDAs). Details of the impact of this acquisition can be found in the STAR+PLUS rate amendment letter dated November 4, 2021. In summary, Molina will assume the membership and capitation rates of all Health Spring populations. In the Hidalgo SDA, where both MCOs previously operated, the premium rates will be blended together based on the enrollment distribution of the two health plans. This change did not impact the premium rates for any other MCO operating in the STAR+PLUS program and did not impact the overall projected cost.

ARPA Reimbursement Increases

HHSC is providing additional payments to support providers' attendant and direct care staff recruitment and retention efforts under the terms of HHSC's spending plan for the American Rescue Plan Act (ARPA). Enhanced payments will impact attendant care services, nursing services and Home and Community-Based Services (HCBS) effective March 1, 2022 through August 31, 2022. These reimbursement changes have been updated since the January 10, 2022 amendment which triggers the replacement of that amendment with the rates described in this report.

Outpatient Behavioral Health Reimbursement Change

Effective March 1, 2022 HHSC adjusted the reimbursement rates for certain outpatient behavioral health services. This item remains unchanged from the January 10, 2022 amendment.

Nursing Facility Reimbursement Increase

Effective April 1, 2020 HHSC increased reimbursement to nursing facilities as a result of the public health emergency. Managed care plan reimbursement to nursing facilities traditionally mirrors Medicaid Fee-For-Service fee schedule changes. The increase in FFS fee schedules will result in increased cost to the managed care plans as their payments to nursing facilities will increase. The original report assumed that this reimbursement increase would be in effect until December 31, 2021. It is now known that this reimbursement increase will continue through August 31, 2022. As a result, the FY2022 capitation rates must be adjusted to properly reflect the increased reimbursement applied to nursing facilities.

CHIRP

CHIRP is a Directed Payment Program (DPP) for hospitals providing healthcare services to adults and children enrolled in STAR and STAR+PLUS. Eligible hospitals include children's hospitals, rural hospitals, mental health hospitals, state-owned hospitals, and urban hospitals. CHIRP includes two components:

- Component 1: CHIRP continues to provide a uniform rate enhancement similar to UHRIP.
- Component 2: CHIRP's Average Commercial Incentive Award (ACIA) payment component allows participating providers to earn higher reimbursement rates based upon a percentage of the estimated average commercial reimbursement.

Retroactive to September 1, 2021 the CHIRP increases have been revised in order to cap payments at a 90 percent aggregate Average Commercial Reimbursement (ACR) for the hospital class.

HHSC has identified the following classes of hospitals within each SDA and the Component 1 (UHRIP) rate increase for each which is applicable to the period September 1, 2021 through August 31, 2022:

The Component 2 (ACIA) rate increases vary by hospital and are also separated for inpatient and outpatient services.

Given that the CHIRP add-on is calculated as a function of projected acute care claims, the reimbursement adjustments effective March 1, 2022 result in a slight change in the CHIRP premiums effective the same date. There are no other changes to the CHIRP program associated with this amendment. This item remains unchanged from the January 10, 2022 amendment.

B. Report Amendments

This section of the letter details the amendments to the original actuarial report.

Section I. Introduction

No changes applicable to this section. The same data sources were utilized in the calculation of this mid-year adjustment.

Section II. Overview of Rate Setting Methodology

The rates have been calculated for the same service delivery areas, risk groups and services as outlined in the original report using the same general methodology.

The only differences between the rating methodology outlined in the original report and this amendment are:

- Molina will assume the FY2022 premium rates as calculated for the Tarrant and MRSA Northeast SDAs and the Hidalgo SDA rates for Molina are set equal to the weighted average of the Molina and Cigna (Health Spring) FY2022 premium rates.
- Update to the nursing facility reimbursement increase effective September 1, 2021 through August 31, 2022
- Inclusion of the two reimbursement changes effective March 1, 2022.
- Application of the updated CHIRP increases.

Section III. Adjustment Factors

The following language has been edited or added to this section.

Nursing Facility Reimbursement Increase

Effective April 1, 2020 HHSC increased reimbursement to nursing facilities as a result of the public health emergency. Managed care plan reimbursement to nursing facilities traditionally mirrors Medicaid Fee-For-Service fee schedule changes. The increase in FFS fee schedules will result in increased cost to the managed care plans as their payments to nursing facilities will increase. The reimbursement increase is assumed to be in effect through August 31, 2022. Exhibit L - Revised of Attachment 5 presents a summary of the derivation of these adjustment factors.

March 1, 2022 Reimbursement Changes

Effective March 1, 2022 HHSC will make reimbursement changes for certain attendant care, nursing, HCBS waiver and outpatient behavioral health services.

The Comprehensive Hospital Increase Reimbursement Program (CHIRP) section has been updated to read:

The UHRIP component of the CHIRP program increases the reimbursement to contracted hospitals by a level percentage that varies by inpatient, outpatient and hospital class. The ACIA component of the CHIRP program increases the reimbursement to contracted hospitals by a hospital specific percentage that varies by inpatient and outpatient. All MCOs are required to increase their reimbursement rates to contracted hospitals by the established percentage rate

increases. Attachment 10 - Revised presents the development of the CHIRP add-on amounts to be included in the capitation rates effective September 1, 2021 along with additional information concerning the CHIRP program.

Section IV. Administrative Fees, Taxes and Risk Margin

No changes applicable to this section.

Section V. Summary

The tables in this section are replaced in their entirety with the following three tables for the periods: (1) September 1, 2021 through December 31, 2021; (2) January 1, 2022 through February 28, 2022 and (3) March 1, 2022 through August 31, 2022.

Section VI. Actuarial Certification of FY2022 STAR+PLUS Health Plan Premium Rates

We, Evan L. Dial, Khiem D. Ngo, David G. Wilkes and Dustin J. Kim are with the firm Rudd and Wisdom, Inc., Consulting Actuaries. All are Fellows of the Society of Actuaries (FSAs). We are all members of the American Academy of Actuaries and meet the Academy's qualification standards for rendering this opinion.

Rudd and Wisdom has been retained by the Texas Health and Human Services Commission (HHSC) to assist in the development of the STAR+PLUS premium rates for the period September 1, 2021 through August 31, 2022 and to provide the actuarial certification required under Centers for Medicare and Medicaid Services (CMS) requirements 42 CFR 438.4.

We certify that the amended FY2022 premium rates developed by HHSC and Rudd and Wisdom satisfy the following:

- (a) The premium rate has been developed in accordance with generally accepted actuarial principles and practices;
- (b) The premium rate is appropriate for the populations and services covered under the managed care contract; and
- (c) The premium is actuarially sound as defined in the regulations.

We have relied on historical experience data and program information provided to us by HHSC. We have reviewed the data for reasonableness but have not audited the data.

The assumptions, methodologies and factors used in developing the certified capitation rates are based on valid rate development standards and represent actual cost differences in providing covered services to the covered populations, and these differences do not vary with the rate of FFP associated with the covered populations. All rates have been developed based on the actual managed care experience of the covered populations. Any services subject to varying FFP have been separately identified and documented throughout this report.

Please note that actual health plan contractor experience will differ from these projections. Rudd and Wisdom has developed these rates on behalf of the State to demonstrate compliance with the CMS requirements under 42 CFR 438.3(c), 438.3(e), 438.4, 438.5, 438.6 and 438.7. Any health plan contracting with the State should analyze its own projected premium needs before deciding whether to contract with the State.

Section VII. Attachments

The following sections indicate any revisions applicable to each of the attachments in the original actuarial report dated July 8, 2021 and the amendment letter dated November 4, 2021.

Attachment 1 - Summary of FY2022 STAR+PLUS Rating Analysis

Exhibit A Revised. This exhibit presents summary information regarding the FY2022 rates. Included on the exhibit are current (previously submitted rates effective September 1, 2021) premium rates split between medical (acute care and long-term care), prescription drug, NEMT, NAIP, QIPP, CHIRP, TIPPS, DPP BHS and RAPPS rates; Revised September 1, 2021 through August 31, 2022 average premium rates split between medical (acute care and long-term care), prescription drug, NEMT, NAIP, QIPP, CHIRP, TIPPS, DPP BHS and RAPPS rates and a comparison of the current and revised premium rates. The revised average premium rates are the average of the three time periods with effective dates (1) September 1, 2021; (2) January 1, 2022 and (3) March 1, 2022.

Exhibit B Revised. This exhibit presents a comparison of the projected expenditures under the current (previously submitted rates effective September 1, 2021) premium rates and the revised September 1, 2021 through August 31, 2022 premium rates. The projection is split by each component.

Exhibit C Revised. This exhibit provides the details of the blending of the Molina and Cigna (Health Spring) capitation rates in the Hidalgo SDA. The FY2022 capitation rates have been blended into a single rate based on the enrollment distribution of the two MCOs that were combined effective January 1, 2022. This adjustment is budget neutral.

Exhibit D Revised. This exhibit provides the rates separately for the three time periods split by component. The averages shown in Exhibit A Revised are based on a simple average of these three time periods.

The reasons for the rate changes shown in Exhibit A Revised are due the four items previously discussed:

- Molina acquisition of Health Spring.
- Two reimbursement changes effective March 1, 2022.
- Nursing facility reimbursement change extending through August 31, 2022.
- CHIRP revisions effective September 1, 2021.

There are no other changes to the premium rates.

Attachment 2 - Individual Health Plan Experience Analysis

No changes applicable to this section.

Attachment 3 - Community Experience Analysis

Attachment 3 Revised includes the community rating exhibits for the medical component of the rate development for all risk groups in each SDA. This Attachment has been revised and separated into two components:

- Attachment 3 – Revised
- Attachment 3 – Revised Mid-Year

The only change to these exhibits is the application of the revised Acute Care Non-Inpatient and Long Term Care adjustment factors as discussed in Attachment 5 – Exhibits L-Revised, S-Revised and T-Revised. The exhibits Attachment 3 – Revised are applicable to the period September 1, 2021 through February 28, 2022 while the exhibits Attachment 3 – Revised Mid-Year are applicable to the period March 1, 2022 through August 31, 2022. The only differences between the two sets of exhibits are the application of the two adjustment factors which are effective March 1, 2022 through August 31, 2022. There have been no changes to the Pharmacy or NEMT rating exhibits.

Attachment 4 - Trend Analysis

No changes applicable to this section.

Attachment 5 - Provider Reimbursement Eligibility Changes and Benefit Revisions

The following language has been edited or added to this section.

Effective April 1, 2020, HHSC increased the reimbursement for nursing facilities. This increase is assumed to be in place through August 31, 2022. Exhibit L-Revised presents a summary of the derivation of the rating adjustment factors.

Effective March 1, 2022 through August 31, 2022 HHSC will implement reimbursement increases for certain personal attendant, nursing and HCBS waiver services. Exhibit S-Revised presents a summary of the derivation of the rating adjustment factors.

Effective March 1, 2022 HHSC will make revisions to the reimbursement for outpatient behavioral health services. Exhibit T-Revised presents a summary of the derivation of the rating adjustment factors.

For ease of reporting purposes, the numerous provider reimbursement adjustments described above have been consolidated in the community rating exhibits included in Attachment 3 - Revised. The key below includes a description of where each adjustment has been included in Attachments 3 - Revised.

Attachment 10 – Comprehensive Hospital Increase Reimbursement Program (CHIRP)

Comprehensive Hospital Increase Reimbursement Program (CHIRP)

Effective December 1, 2017, HHSC implemented a pilot of the Uniform Hospital Rate Increase Program (UHRIP) in the Bexar and El Paso service delivery areas. CMS approved HHSC's statewide implementation of the program on August 18, 2017 and the program was expanded statewide March 1, 2018. Effective September 1, 2021 UHRIP will be replaced by the Comprehensive Hospital Increase Reimbursement Program (CHIRP).

CHIRP is comprised of two components, (1) Uniform Hospital Rate Increase Payment (UHRIP)

and (2) Average Commercial Incentive Award (ACIA). Payments from managed care organizations to qualified hospitals will be a directed uniform rate increase above the negotiated rate. The percentage increase will be uniform for hospitals within a class within a service delivery area (SDA), but increases may vary between classes of hospitals due to the choice to participate in the optional ACIA component.

All MCOs within the SDA will be required to increase their reimbursement rates to contracted hospitals by the established percentage rate increase.

CHIRP will only apply to the STAR and STAR+PLUS Medicaid managed care programs. The CHIRP increase will apply to all services provided by a hospital with the following exceptions:

1. Services provided to members at a non-contracted facility.
2. Non-emergent services provided in an emergency room for non-rural facilities.
3. Services provided to a member at an out of area facility if the facility is located in a SDA in which the MCO does not participate in the STAR or STAR+PLUS program.
4. Outpatient services provided at an Institute for Mental Disease (IMD).
5. Service provided at an IMD to members over age 21 and under age 65.
6. Claims for COVID-19 testing, diagnosis, or treatment.

The percentage increases by hospital were determined by HHSC according to the following methodology:

- The total value of the provider's UHRIP component will be equal to a percentage of the estimated Medicare gap on a per class basis. Allocation of funds across hospital classes will be proportional to the combined Medicare gap of each hospital class within an SDA to the total Medicare gap of all hospital classes within the SDA.
- The total value of provider's ACIA will be equal to a percentage of the ACR gap less payments received under UHRIP, on a per provider basis, capping payments at a 90 percent aggregate Average Commercial Reimbursement (ACR) for the hospital class.

In the Texas Medicaid program, the actuary is not involved in the development of provider fee schedules or reimbursement arrangements. The final CHIRP increases were determined by HHSC and the MCOs are mandated to include such increases in their provider reimbursement arrangements.

The impact of the CHIRP increases was then estimated by collecting the encounter data for all CHIRP-eligible facilities. Exclusions to the data were then applied based on the contracting status of the MCO, facility/member location and emergency room status. The CHIRP eligible claims were then increased by the applicable reimbursement change and the impact on the base period for each individual MCO was determined.

Exhibit A - Revised is a detailed summary of the CHIRP which has been developed by the HHSC Provider Finance and Quality & Program Improvement departments.

Exhibit B - Revised presents a summary of the derivation of the rating adjustment factors which have been calculated at the individual plan level due to variations in each MCO's network configuration. The adjustments have been calculated by applying the applicable percentage increase to each MCO's March 2019 through February 2020 encounter data. Unlike other adjustment factors which are applied at the community level, the CHIRP adjustment factors have been calculated at the individual plan level due to the fact that each MCO may have varying levels of utilization at each class of hospital and could be disadvantaged if their actual utilization is higher or lower than the SDA average for a given class.

Exhibit C.1 – Revised and Exhibit C.2 - Revised present a summary of the calculation of the CHIRP premium add-on rates by MCO for all risk groups for the two periods (1) September 1, 2021 through February 28, 2022 and (2) March 1, 2022 through August 31, 2022. The add-on is calculated as an MCO-specific amount due to the varying impacts the mandated increases will have on expected reimbursement for each MCO. The add-on is calculated as the projected FY2022 claims increased by the applicable CHIRP adjustment factor plus provision for risk margin, taxes and administrative fees.

The CHIRP component of the rate includes separate administrative fees, taxes and risk margin from the other components of the rate. These amounts are defined as follows:

- Administrative Fee – 2.5% of premium
- Risk Margin – 1.5% of premium (STAR) or 1.75% of premium (STAR+PLUS)
- Premium Tax – 1.75% of premium

The 2.5% administrative fee was developed based on discussions between HHSC, the MCOs and the contracted hospitals. While there is an expectation of increased administrative cost associated with CHIRP as a result of contract negotiations, claims processing and other system changes it is not expected that this increased burden will be significant. As a result, the standard 5.25% of premium applicable to the overall rate development was reduced to 2.5% for the CHIRP component.

The 1.5% (STAR) or 1.75% (STAR+PLUS) risk margin is set equal to the risk margin used in the overall rate development.

The 1.75% premium tax remains unchanged from the overall rate development.

Exhibit D.1 - Revised and Exhibit D.2 - Revised present a summary of the CHIRP premium add-on rates split between the UHRIP and ACIA components for the two periods (1) September 1, 2021 through February 28, 2022 and (2) March 1, 2022 through August 31, 2022. Attachment 1 Exhibit C - Revised includes the blended CHIRP component of the premium rate for the Molina and former Cigna populations in the Hidalgo SDA.

The revised CHIRP premiums have been accounted for in the FY2022 rate development in a manner that is consistent with the pre-print that is currently under CMS review.

As a result of the reimbursement changes effective March 1, 2022, the CHIRP premiums will also be adjusted effective this same date.

Attachment 11 – Texas Incentive for Physicians and Professional Services Program (TIPPS)

The only change to this section is that Exhibit A is a revised detailed summary of the TIPPS which has been developed by the HHSC Provider Finance and Quality & Program Improvement departments based on follow up questions from CMS regarding the DPP programs. There are no other changes to this section and the rates calculated in the original report require no further revisions.

Attachment 12 – Directed Payment Program for Behavioral Health Services Program (DPP BHS)

No changes applicable to this section.

Attachment 13 – Rural Access to Primary and Preventative Services Program (RAPPS)

The only change to this section is that Exhibit A is a revised detailed summary of the RAPPS which has been developed by the HHSC Provider Finance and Quality & Program Improvement departments. based on follow up questions from CMS regarding the DPP programs. There are no other changes to this section and the rates calculated in the original report require no further revisions.

Attachment 14 – Community First Choice Initiative (CFC)

There are three changes applicable to this section:

- The application of the nursing facility reimbursement changes for the full year which impact the long term care component of the capitation rate. Exhibit B.1 – Revised presents the calculation of the CFC component of the rates for the period September 1, 2021 through February 28, 2022.
- The application of the March 1, 2022 reimbursement changes which impact the long term care component of the capitation rate. Exhibit B.2 – Revised presents the calculation of the CFC component of the rates for the period March 1, 2022 through August 31, 2022.
- The blending of the Molina and Cigna (Health Spring) rates in the Hidalgo SDA for the period January 1, 2022 through August 31, 2022. Attachment 1 Exhibit C - Revised includes the blended CFC component of the long-term care rate for the Molina and former Cigna populations in the Hidalgo SDA.

Attachment 15– Pay for Quality Program

- (c) All enrollment data during retroactive enrollment periods are included in the base period data used to develop the FY2022 premium rate.

HHSC includes an experience rebate provision in its uniform managed care contracts which requires the MCOs to return a portion of net income before taxes if greater than the specified percentages. The net income is measured by the financial statistical reports (FSRs) submitted by the MCOs and audited by an external auditor. Net income is aggregated across all programs and service delivery areas. The aggregated net income is shared as follows:

Pre-tax Income as a % of Revenues	MCO Share	HHSC Share
$\leq 3\%$	100%	0%
$> 3\% \text{ and } \leq 5\%$	80%	20%

Comprehensive Hospital Increase Reimbursement Program

Overview

Program Description

The Comprehensive Hospital Increase Reimbursement Program (CHIRP) is a directed payment program that provides increased Medicaid payments to hospitals for inpatient and outpatient services provided to persons enrolled in Medicaid STAR and STAR+PLUS managed care programs. CHIRP is the successor to the Uniform Hospital Rate Increase Program (UHRIP) beginning on September 1, 2021. HHSC will include CHIRP funding in Medicaid managed care organizations' (MCOs) per member per month (PMPM) capitation rates. Then MCOs will pay CHIRP funds to providers through two components of the program.

Eligible Provider Classes

(1) Children's hospitals, (2) rural hospitals, (3) state-owned hospitals that are not institutions for mental diseases (IMDs), (4) urban hospitals, (5) non-state-owned IMDs, and (6) state-owned IMDs.

Participating Medicaid Programs

STAR, STAR+PLUS

Program Funding Estimated for SFY 2022

\$ 4,821,379,646*

*Based on HHSC System Forecasting caseload projection as of August 2021.

The program is paid using joint state and federal funds. The state funds are provided by local governmental entities via an Intergovernmental Transfer (IGT) and Local Provider Participation Funds (LPPF); no state General Revenue Funds are used.

History

CHIRP replaces UHRIP beginning September 1, 2021, which is year five of the program. HHSC and stakeholders wanted to reform certain aspects of UHRIP, such as improving its tie to the state's Medicaid Quality Strategy and incorporating the efforts to further healthcare transformation and quality improvement in the Medicaid program. CHIRP continues to be a statewide program that provides for increased Medicaid payments for inpatient and outpatient services to participating Texas hospitals. However, for Program Year 5, CHIRP includes new eligibility requirements, new hospital classes, and new financing components. Additionally, participating hospitals are required to report program measures as a condition of participation for CHIRP that will be used to evaluate the program.

The rules for the CHIRP program years on or after September 1, 2021 are in the Title 1 of the Texas Administrative Code (1 TAC) §353.1301, §353.1306, and §353.1307. Rules for CHIRP are promulgated for on an as-needed basis rather than an annual basis.

Program Design

Delivery System

The CHIRP program uses a Medicaid MCO delivery system to provide increased Medicaid payments for participating hospitals. Texas Medicaid managed care organizations receive additional funding through their monthly capitation rate from HHSC and are directed to increase payment rates for enrolled hospitals.

Alignment with HHSC Quality Strategy

CHIRP intends to advance four goals from the Texas Medicaid Quality Strategy: (1) promoting optimal health for Texans; (2) promoting effective practices for people with chronic, complex and serious conditions; (3) attracting and retaining high-performing Medicaid providers to participate in team based, collaborative, and coordinated care; and (4) keeping patients free from harm.

Directed Payment Arrangement

CHIRP is a Medicaid managed care hospital directed payment program authorized under federal regulation 42 CFR 438.6(c). Directed payment arrangements permit states to direct specific payments made by managed care plans to providers under certain circumstances and can assist states in furthering the goals and priorities of their Medicaid programs.

CHIRP is comprised of two payment components:

- The Uniform Hospital Rate Increase Payment
- The Average Commercial Incentive Award

The MCOs' distribution of CHIRP funds to the enrolled hospitals will be a directed uniform rate increase above the negotiated rate. Enrolled hospitals will be paid based upon utilization/claims for services in the program period. The hospital must have provided at least one Medicaid service to a Medicaid client in each reporting period to be eligible for payments. The percentage increase will be uniform for hospitals within a class within a service delivery area (SDA), but increases may vary between classes of hospitals due to the choice to participate in the optional ACIA component.

In determining the percentage increases, HHSC will consider information provided by the participants in the SDA. HHSC will also consider:

- the class or classes of a hospital;
- the type of service or services;
- actuarial soundness of the capitation payment needed to support the rate increase;

- available budget neutrality room under any applicable federal waiver programs;
- hospital market dynamics within the SDA; and
- other HHSC goals and priorities.

CHIRP will only apply to the STAR and STAR+PLUS Medicaid managed care programs. The CHIRP increase will apply to all inpatient and outpatient services provided by a hospital with the following exceptions:

1. Services provided to members at a non-contracted facility.
2. Non-emergent services provided in an emergency room for non-rural facilities.
3. Services provided to a member at an out of area facility if the facility is located in a SDA in which the MCO does not participate in the STAR or STAR+PLUS program.
4. Outpatient services provided at an Institution for Mental Diseases (IMD).
5. Service provided at an IMD to members over age 21 and under age 65.
6. Claims for COVID-19 testing, diagnosis, or treatment.

The percentage increases by hospital were determined by HHSC according to the following methodology:

- The total value of the provider's UHRIP component will be equal to a percentage of the estimated Medicare gap on a per class basis. Allocation of funds across hospital classes will be proportional to the combined Medicare gap of each hospital class within an SDA to the total Medicare gap of all hospital classes within the SDA.
- The total value of provider's ACIA will be equal to a percentage of the ACR gap less payments received under UHRIP, on a per provider basis, capping payments at a 90 percent aggregate Average Commercial Reimbursement (ACR) for the hospital class.

Capitation Rate Components

The UHRIP component provides hospitals an increased payment that is based on a percentage of the Medicare gap, which is the difference between what Medicare is estimated to pay for the services and what Medicaid actually paid for the same services. All hospitals participating in CHIRP must participate in the UHRIP component.

The ACIA component is an optional component. It provides hospitals a payment based on a percentage of the average commercial reimbursement gap, which is the difference between what an average commercial payor is estimated to pay for the services and what Medicaid actually paid for the same services, less payments received under the UHRIP component.

Hospitals apply for participation in CHIRP, and hospitals are required to report program measures as a condition of participation for each component in which they participate. While all participating providers must report on measures for UHRIP, only those providers who opt into the ACIA component must report measures for ACIA.

For CHIRP, funds are paid through two components of the managed care PMPM capitation rates. A breakdown of the CHIRP Year Five anticipated funding is below:

Distribution of Payments

HHSC will direct MCOs to increase rates beginning the first day of the program period that includes the increased capitation rates paid by HHSC to each MCO pursuant to the contract between them. CHIRP payments will be distributed based upon actual utilization and paid as a percentage increase above the contracted rate between the MCO and the hospital. Providers must meet quality metric reporting requirements in order to be eligible for program participation and distribution of payments.

Quality Metric Summary

UHRIP includes two structure measures and one outcome measure applicable to all participating hospitals. ACIA includes structure measures and data-based outcome and process measures.

ACIA includes six modules, which are groupings of measures around a similar hospital service type. Providers must report on all modules for which they are eligible. The number of measures a hospital will be required to report is determined by the hospital's provider class as defined in

program enrollment and historic volume and type of services provided. For hospitals participating in ACIA, the maximum number of ACIA structure measures a provider will be required to report based on class and volume is 4 and the minimum number is 0. The maximum number of ACIA data-based measures a hospital will be required to report based on class and volume is 7 and the minimum number is 0. Hospitals that are not eligible for any ACIA measures based on volume are still eligible to participate in ACIA but will not be required to report quality metric data. Data will be used to monitor provider-level progress toward state quality objectives and annual program evaluation.

For adult and pediatric hospital safety outcome measures, hospitals will report a performance rate as specified for all-payer types. For all other outcome and process measures, hospitals must report performance rates stratified by Medicaid Managed Care, Other Medicaid, Uninsured, and All Payer.

Reporting Requirements

- As a condition of participation in the program, a hospital must report data for all measures for which it is eligible. A hospital that fails to submit the required data by deadlines communicated by HHSC will be determined to be out of compliance with program eligibility requirements, will be removed from CHIRP, and will have all funds they received recouped.
- For a structure measure, a provider must submit responses to qualitative reporting questions that summarize a hospital's progress towards implementing evidence-based best practices for high quality care. Hospitals are not required to implement the best practices as a condition of reporting or program participation.
- For outcome and process measures, a provider must submit numerator and denominator rates as specified by HHSC.

**Texas Health and Human Services Commission
State Fiscal Year 2022 Directed Payment Programs**

Texas Incentives for Physicians and Professional Services

Overview

Program Description

The Texas Incentives for Physicians and Professional Services (TIPPS) program is a directed payment program designed to provide rate enhancements to physician groups and to advance the goals and objectives of the state's managed care quality strategy.

The TIPPS program target beneficiaries include adults and children enrolled in Medicaid STAR, STAR+PLUS, and STAR Kids managed care programs. TIPPS program year one will begin on September 1, 2021. The TIPPS program consists of three program components, and TIPPS funds will be paid to Medicaid Managed Care Organizations (MCOs) through three components of the managed care per member per month (PMPM) capitation rates distributed to TIPPS-participating physician groups. Physician groups are required to report on quality metrics as a condition of participation in the program. The quantitative and qualitative data will be used to monitor provider-level progress toward state quality objectives and to evaluate the program.

Eligible Provider Classes

(1) Health-Related Institution (HRI) physician groups, (2) Indirect Medical Education (IME) physician groups, and (3) other physician groups. Only HRI and IME physician groups are eligible for Components 1 and 2. All physician groups are eligible for Component 3.

Participating Medicaid Programs

STAR, STAR+PLUS, STAR Kids

Program Funding Estimated for SFY 2022

\$586,455,951*

*Based on HHSC System Forecasting caseload projection as of August 2021.

The program is paid using joint state and federal funds. The state funds are provided by local governmental entities via an Intergovernmental Transfer (IGT) and Local Provider Participation Funds (LPPF); no state General Revenue Funds are used.

History

HHSC proposed the TIPPS program as a part of an effort to replace the Texas Delivery System Reform Incentive Payment (DSRIP) program and the Network Access Improvement Program (NAIP), which are ending in state fiscal years 2022 and 2023, respectively. The TIPPS program is intended to support access and improve outpatient care for Medicaid managed care members and expand successful innovations from DSRIP to a broader base of physician practice groups

across the state to improve primary care, chronic care, maternal health, behavioral health, and social drivers of health (SDOH).

The rules for the TIPPS program are in the Title 1 of the Texas Administrative Code (1 TAC) §353.1301, §353.1309, and §353.1311. Rules for the TIPPS program are promulgated on an as-needed basis rather than an annual basis.

Program Design

Delivery System

The TIPPS program uses the Medicaid MCO delivery system to provide increased Medicaid payments for TIPPS-participating physician groups.

Alignment with HHSC Quality Strategy

TIPPS is designed to advance the following goals from the Texas Medicaid Quality Strategy: (1) promote optimal health for Texans; and (3) promote effective practices for people with chronic, complex, and serious conditions.

Directed Payment Arrangement

TIPPS is a Medicaid managed care directed payment program authorized under federal regulation 42 CFR 438.6(c). Directed payment arrangements permit states to direct specific payments made by managed care plans to providers under certain circumstances and can assist states in furthering the goals and priorities of their Medicaid programs.

- Component 1 is a uniform dollar increase paid monthly that includes structure measures on quality improvement activities (65 percent of total program value). HRIs and IMEs are eligible to participate in Component 1.
- Component 2 is a uniform rate enhancement paid semiannually that includes measures focused on primary care and chronic care (25 percent of total program value). HRIs and IMEs are eligible to participate in Component 2.
- Component 3 is a uniform rate enhancement for certain outpatient services that includes measures focused on maternal health, chronic care, behavioral health, and social determinates of health (10 percent of total program value). Component 3 rate enhancements will be applied to the following 9 CPT codes that align with the measures: 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, and 92215. All physician groups otherwise eligible to participate in TIPPS and enrolled with an MCO for the delivery of Medicaid covered benefits are eligible to participate in Component 3.
- Physician practice groups must have a minimum denominator volume of 30 Medicaid patients in at least 50 percent of the quality metrics in CY2021 in each Component 2 and 3 to be eligible to participate in the Component.

Capitation Rate Components

The program is comprised of three payment components payable to three classes of physician groups.

Component 1: Only applicable to Class 1 and Class 2 providers. Component 1 is a uniform dollar increase. It will be equal to 65% of the total program funds. The estimated value of the incentive payment for each provider will be based upon the proportion of historical counts of unique members served by the provider to the total number of members receiving services from participating providers. Payment distribution will be reconciled to actual utilization during the program year following a period of 120 days to allow for claims adjudication and encounter data collection. This component is considered a fee schedule requirement as a uniform dollar increase.

Component 2: Only applicable to Class 1 and Class 2 providers. It will consist of a uniform rate increase paid on a semi-annual basis. This component will be equal to 25% of the total program funds. Payment distribution will be reconciled to actual utilization during the program year following a period of 120 days to allow for claims adjudication and encounter data collection.

Component 3: A uniform rate increase limited to professional encounters that is available to all provider classes. The rate increase will be applicable to CPT codes 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, and 99215. This component is considered a fee schedule requirement as a uniform percentage increase.

Distribution of Payments

HHSC will calculate the portion of each PMPM associated with each TIPPS-participating physician group broken down by TIPPS capitation rate component and payment period as follows.

Component 1: Monthly payments to TIPPS-participating HRI and IME physician groups will be directed through MCOs. HHSC will reconcile the interim allocation of funds across qualifying HRI and IME physician groups to the actual distribution of Medicaid clients served across these physician groups during the program period as captured by Medicaid MCOs contracted with HHSC for managed care 120 days after the last day of the program period.

Component 2: Semi-annual payments to TIPPS-participating HRI and IME physician groups will be directed through MCOs. HHSC will reconcile the interim allocation of funds across qualifying HRI and IME physician groups to the actual distribution of Medicaid clients served across these physician groups during the program period as captured by Medicaid MCOs contracted with HHSC for managed care 120 days after the last day of the program period.

Component 3: Payments to all TIPPS-participating physician groups is attributed as a uniform rate increase for certain outpatient services. Applicable CPT codes include: 99202; 99203; 99204; 99205; 99211; 99212; 99213; 99214; 99215.

As a condition of participation, all physician groups participating in TIPPS must report certain quality data.

The MCO will distribute payments to TIPPS-participating physician groups based on program requirements. The MCO must pay the TIPPS-participating physician group the HHSC-calculated payment amounts no later than the date specified by HHSC. Components 1 and 2 are paid by MCOs to providers based on the monthly and semiannual TIPPS scorecards published on the Provider Finance website. Component 3 is paid at adjudication for in-network providers, regardless of SDA, and excludes non-risk payments if and where applicable.

Reporting Requirements

A TIPPS-participating physician group must report all required quality measures and must have provided at least one Medicaid service to a Medicaid managed care client in each reporting period. As a condition of participation in the program, an enrolled provider must report data for all measures in the components for which it is eligible. A provider that fails to submit the required data by deadlines communicated by HHSC will be determined to be not in compliance with program eligibility requirements, will be removed from the program, and will have all funds that it received recouped.

Component 1: TIPPS-participating IME and HRI physician groups must submit responses to qualitative reporting questions that summarize progress towards implementing a structure measure. Providers are not required to implement structure measures as a condition of reporting or program participation.

Components 2 and 3: For outcome and process measures, a provider must submit specified numerator and denominator rates and respond to qualitative reporting questions as specified by HHSC. A physician practice groups must report rates stratified by the following payer types: Medicaid Managed Care, Other Medicaid, Uninsured, and All Payer.

Reported qualitative and numeric data will be used to monitor provider-level progress toward state quality objectives.

**Texas Health and Human Services Commission
State Fiscal Year 2022 Directed Payment Programs**

Rural Access to Primary and Preventive Services

Overview

Program Description

The Rural Access to Primary and Preventive Services (RAPPS) program is a directed payment program designed to incentivize the provision of primary and preventive services for Medicaid-enrolled individuals in rural communities of the state and focuses on the management of chronic conditions.

The RAPPS program target population includes adults and children enrolled in Medicaid STAR, STAR+PLUS, and STAR Kids managed care programs. RAPPS program year one will begin on September 1, 2021. RAPPS funds will be paid through two components in the Medicaid Managed Care Organizations' (MCOs) capitation rates and distributed to enrolled RHCs who meet program requirements.

Eligible Provider Classes

Two classes of rural health clinics (RHCs) are eligible for the program: (1) Hospital-based RHCs, which include non-state government-owned and private RHCs, and (2) free-standing RHCs.

Participating Medicaid Programs

STAR, STAR+PLUS, STAR Kids

Program Funding Estimated for SFY 2022

\$10,898,966*

*Based on HHSC System Forecasting caseload projection as of August 2021.

The program is paid using joint state and federal funds. The state funds are provided by local governmental entities via an Intergovernmental Transfer (IGT) and Local Provider Participation Funds (LPPF); no state General Revenue Funds are used.

History

HHSC proposed the RAPPS program to succeed the Texas Delivery System Reform Incentive Payment (DSRIP) program, ending in state fiscal year 2022. The state's approved DSRIP Transition Plan identifies rural health care as a key focus area. The RAPPS program is intended to improve primary and preventive care access and chronic care management for Medicaid enrollees in rural areas and provide the right care, in the right place, at the right time for Medicaid enrollees in rural communities.

The rules for the RAPPS program are in the Title 1 of the Texas Administrative Code (1 TAC) §353.1301, §353.1315, and §353.1317. Rules for the RAPPS program are promulgated on an as-needed basis rather than an annual basis.

Program Design

Delivery System

The RAPPS program uses a Medicaid MCO delivery system to provide increased Medicaid payments for RAPPS-participating RHCs. RAPPS funds are paid through the MCO capitation rates and will be distributed to RAPPS-participating RHCs.

Alignment with HHSC Quality Strategy

RAPPS is designed to advance the following goals from the Texas Medicaid Quality Strategy: (1) promote optimal health for Texans; and (2) promote effective practices for people with chronic, complex and serious conditions.

Directed Payment Arrangement

RAPPS is a Medicaid managed care directed payment program authorized under federal regulation 42 CFR 438.6(c). Directed payment arrangements permit states to direct specific payments made by managed care plans to providers under certain circumstances and can assist states in furthering the goals and priorities of their Medicaid programs.

Funds under RAPPS will be paid through two components of the MCO's managed care per member per month (PMPM) capitation rates.

- Component 1 is a uniform dollar increase paid prospectively on a monthly basis (75 percent of the total program value). Hospital-based RHCs and free-standing RHCs have different uniform dollar increases.
- Component 2 is a uniform percentage rate increase for certain services. The increase will be consistent across RHCs and RHC classes.

The RHC must have had provided at least one Medicaid service to a Medicaid managed care client for each reporting period to be eligible for payments.

Capitation Rate Components

A minimum of 30 Medicaid managed care encounters in the prior state fiscal year is required for program eligibility and all payment components.

- Component 1 provides a uniform dollar increase on All-Inclusive Clinic Visit, T1015, and office visit codes. Payments will be based on units using each provider's utilization during service period March 1, 2019 to February 2020 with a seven percent increase for estimated enrollment growth among the three Medicaid managed care programs (STAR, STAR+PLUS, and STAR Kids). Payments will be paid prospectively on a monthly basis (equal to 1/12 of the annual amount).

- Component 2 provides a uniform percentage increase on All-Inclusive Clinic Visit, T1015, and office visit MCO payments, for the STAR/STAR+PLUS/STAR Kids programs. Under Component 2, the uniform percent increase will be 3.77 percent for all RHCs.

Distribution of Payments

HHSC will calculate the portion of each monthly prospective payment associated with each RAPPS-participating RHC broken down by RAPPS capitation rate component and payment period as follows.

Component 1: Monthly payments to RAPPS-participating RHCs will be paid prospectively. HHSC will reconcile the interim allocation of funds across RAPPS-participating RHCs to the actual Medicaid utilization across these RAPPS-participating RHCs during the program period as captured by Medicaid MCOs contracted with HHSC for managed care 120 days after the last day of the program period.

Component 2: RAPPS-participating RHCs will receive a uniform percent rate increase for certain services. Payment is attributed as a rate increase for specific services. To align with program

goals, Component 2 rate enhancements will be applied to the following codes: 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, 99215, 99244, 99381, 99382, 99383, 99384, 99385, 99386, 99391, 99392, 99393, 99394, 99395, 99396, 99429, G0444, and T1015.

As a condition of participation, all RHCs participating in RAPPS must report certain quality data. Funds are not disbursed when one or more RAPPS-participating RHCs fail(s) to meet reporting requirements. Failure to report will result in removal of the provider from the program and recoupment of all funds previously paid during the program period.

The MCO will distribute payments to a RAPPS-participating RHC based on program requirements. The MCO must pay the RAPPS-participating RHC the HHSC-calculated payment amounts no later than the date specified by HHSC. Component 1 is paid by MCOs to providers based on the monthly RAPPS scorecards published on the [Provider Finance website](#), and component 2 is paid at adjudication for in-network providers, regardless of SDA, and excludes non-risk payments if and where applicable.

Quality Metric Summary

Component 1 consists of structure measures, while Component 2 consists of process and outcome measures. The table below identifies the quality measures by program component.

Program Component	Final Measure ID	Measure Name	Measure Type	NQF #	Measure Steward
R1 – Dollar Increase	R1-143	Telehealth to provide virtual medical appointments with a primary care or specialty care provider	Structure	NA	NA

	R2-103	Preventive Care and Screening: Influenza Immunization	Process	0041e	AMA-PCPI

Reporting Requirements

A RAPPS-participating RHC must report all data for all measures as a condition of participation in the program. RHCs that fail to submit the required data by the deadlines communicated by HHSC will be determined to be out of compliance with program eligibility requirements, will be removed from the program, and will have all funds they received recouped.

For a structure measure, a RAPPS-participating RHC must submit responses to qualitative reporting questions that summarize the provider's progress toward implementation. The RHC is not required to implement the quality improvement activity identified in the structure measure.

For process and outcome measures, a RAPPS-participating RHC must submit numerator and denominator rates as specified by HHSC and submit responses to associated qualitative reporting questions. Reported qualitative and numeric data will be used to monitor RHC-level progress toward state quality objectives.
