Re: STAR Rate Amendment UMCC 529-12-0002 V2.35

Dear Ms. Butler:

This letter amends the report titled State of Texas Medicaid Managed Care STAR Program Rate Setting State Fiscal Year 2022 and dated July 8, 2021. The amended FY2022 capitation rates were developed using identical methods and assumptions as the rates described in this report. The amended rates are assumed to be payable for the period September 1, 2021 through August 31, 2022.

A. Summary of the Revisions

CHIRP

CHIRP is a Directed Payment Program (DPP) for hospitals providing healthcare services to adults and children enrolled in STAR and STAR+PLUS. Eligible hospitals include children's hospitals, rural hospitals, mental health hospitals, state-owned hospitals, and urban hospitals. CHIRP includes two components:

- Component 1: CHIRP continues to provide a uniform rate enhancement similar to UHRIP.
- Component 2: CHIRP's Average Commercial Incentive Award (ACIA) payment component allows participating providers to earn higher reimbursement rates based upon a percentage of the estimated average commercial reimbursement.

Retroactive to September 1, 2021 the CHIRP increases have been revised in order to cap payments at a 90 percent aggregate Average Commercial Reimbursement (ACR) for the hospital class.

HHSC has identified the following classes of hospitals within each SDA and the Component 1 (UHRIP) rate increase for each which is applicable to the period September 1, 2021 through August 31, 2022:

1. Inpatient

MRSA West	0%	0%	21%	0%	0%	93%

The Component 2 (ACIA) rate increases vary by hospital and are also separated for inpatient and outpatient services.

There are no other changes to the CHIRP program associated with this amendment.

B. Report Amendments

This section of the letter details the amendments to the original actuarial report.

Section I. Introduction

No changes applicable to this section. The same data sources were utilized in the calculation of this mid-year adjustment.

Section II. Overview of Rate Setting Methodology

The rates have been calculated for the same service delivery areas, risk groups and services as outlined in the original report using the same general methodology.

The only difference between the rating methodology outlined in the original report and this amendment is the application of the updated CHIRP increases.

Section III. Adjustment Factors

The Comprehensive Hospital Increase Reimbursement Program (CHIRP) section has been updated to read:

The UHRIP component of the CHIRP program increases the reimbursement to contracted hospitals by a level percentage that varies by inpatient, outpatient and hospital class. The ACIA component of the CHIRP program increases the reimbursement to contracted hospitals by a hospital specific percentage that varies by inpatient and outpatient. All MCOs are required to increase their reimbursement rates to contracted hospitals by the established percentage rate increases. Attachment 12 - Revised presents the development of the CHIRP add-on amounts to be included in the capitation rates effective September 1, 2021 along with additional information concerning the CHIRP program.

Section IV. Administrative Fees, Taxes and Risk Margin

No changes applicable to this section.

Section V. Summary

The tables in this section are replaced in their entirety with the following rates effective September 1, 2021 through August 31, 2022.

Section VI. Actuarial Certification of FY2022 STAR Premium Rates

We, Evan L. Dial, Khiem D. Ngo, David G. Wilkes and Dustin J. Kim are with the firm of Rudd and Wisdom, Inc., Consulting Actuaries (Rudd and Wisdom). All are Fellows of the Society of Actuaries (FSAs). We are all members of the American Academy of Actuaries and meet the Academy's qualification standards for rendering this opinion.

Rudd and Wisdom has been retained by the Texas Health and Human Services Commission (HHSC) to assist in the development of the STAR premium rates for the period September 1, 2021 through August 31, 2022 and to provide the actuarial certification required under Centers for Medicare and Medicaid Services (CMS) requirements 42 CFR 438.4.

We certify that the STAR premium rates developed by HHSC and Rudd and Wisdom satisfy the following:

- (a) The premium rates have been developed in accordance with generally accepted actuarial principles and practices;
- (b) The premium rates are appropriate for the populations and services covered under the managed care contract; and
- (c) The premium rates are actuarially sound as defined in the regulations.

We have relied on historical experience data and program information provided to us by HHSC. We have reviewed the data for reasonableness but have not audited the data.

The assumptions, methodologies and factors used in developing the certified capitation rates are based on valid rate development standards and represent actual cost differences in providing covered services to the covered populations, and these differences do not vary with the rate of FFP associated with the covered populations. All rates have been developed based on the actual managed care experience of the covered populations. Any services subject to varying FFP have been separately identified and documented throughout this report.

Please note that actual health plan contractor experience will differ from these projections. Rudd and Wisdom has developed these rates on behalf of the State to demonstrate compliance with the CMS requirements under 42 CFR 438.3(c), 438.3(e), 438.4, 438.5, 438.6 and 438.7. Any health plan contracting with the State should analyze its own projected premium needs before deciding whether to contract with the State.

Section VII. Attachments

The following sections indicate any revisions applicable to each of the attachments in the original actuarial report dated July 8, 2021.

Attachment 1 - Summary of FY2022 STAR Rating Analysis

Exhibit A Revised. This exhibit presents summary information regarding the FY2022 rates. Included on the exhibit are current (previously submitted rates effective September 1, 2021) premium rates split between medical, prescription drug, NEMT, NAIP, CHIRP, TIPPS, DPP BHS, RAPPs and DSP rates; Revised September 1, 2021 through August 31, 2022 premium rates split between medical, prescription drug, NEMT, NAIP, CHIRP, TIPPS, DPP BHS, RAPPs and DSP rates and a comparison of the current and revised premium rates.

Exhibit B Revised. This exhibit presents a comparison of the projected expenditures under the current (previously submitted rates effective September 1, 2021) premium rates and the revised September 1, 2021 through August 31, 2022 premium rates. The projection is split by each component.

The reason for the rate changes shown in Exhibit A Revised are due solely to the revised CHIRP rate increases.

Attachment 12 – Comprehensive Hospital Increase Reimbursement Program (CHIRP)

Comprehensive Hospital Increase Reimbursement Program (CHIRP)

Effective December 1, 2017, HHSC implemented a pilot of the Uniform Hospital Rate Increase Program (UHRIP) in the Bexar and El Paso service delivery areas. CMS approved HHSC's statewide implementation of the program on August 18, 2017 and the program was expanded statewide March 1, 2018. Effective September 1, 2021 UHRIP will be replaced by the Comprehensive Hospital Increase Reimbursement Program (CHIRP).

CHIRP is comprised of two components, (1) Uniform Hospital Rate Increase Payment (UHRIP) and (2) Average Commercial Incentive Award (ACIA). Payments from managed care organizations to qualified hospitals will be a directed uniform rate increase above the negotiated rate. The percentage increase will be uniform for hospitals within a class within a service delivery area (SDA), but increases may vary between classes of hospitals due to the choice to participate in the optional ACIA component.

All MCOs within the SDA will be required to increase their reimbursement rates to contracted hospitals by the established percentage rate increase.

CHIRP will only apply to the STAR and STAR+PLUS Medicaid managed care programs. The CHIRP increase will apply to all services provided by a hospital with the following exceptions:

1. Services provided to members at a non-contracted facility.
2. Non-emergent services provided in an emergency room for non-rural facilities.
3. Services provided to a member at an out of area facility if the facility is located in a SDA in which the MCO does not participate in the STAR or STAR+PLUS program.
4. Outpatient services provided at an Institute for Mental Disease (IMD).
5. Service provided at an IMD to members over age 21 and under age 65.
6. Claims for COVID-19 testing, diagnosis, or treatment.

The percentage increases by hospital were determined by HHSC according to the following methodology:

- The total value of the provider’s UHRIP component will be equal to a percentage of the estimated Medicare gap on a per class basis. Allocation of funds across hospital classes will be proportional to the combined Medicare gap of each hospital class within an SDA to the total Medicare gap of all hospital classes within the SDA.
- The total value of provider’s ACIA will be equal to a percentage of the ACR gap less payments received under UHRIP, on a per provider basis, capping payments at a 90 percent aggregate Average Commercial Reimbursement (ACR) for the hospital class.

In the Texas Medicaid program, the actuary is not involved in the development of provider fee schedules or reimbursement arrangements. The final CHIRP increases were determined by HHSC and the MCOs are mandated to include such increases in their provider reimbursement arrangements.

The impact of the CHIRP increases was then estimated by collecting the encounter data for all CHIRP-eligible facilities. Exclusions to the data were then applied based on the contracting status of the MCO, facility/member location and emergency room status. The CHIRP eligible claims were then increased by the applicable reimbursement change and the impact on the base period for each individual MCO was determined.

Exhibit A - Revised is a detailed summary of the CHIRP which has been developed by the HHSC Provider Finance and Quality & Program Improvement departments.

Exhibit B - Revised presents a summary of the derivation of the rating adjustment factors which have been calculated at the individual plan level due to variations in each MCO’s network configuration. The adjustments have been calculated by applying the applicable percentage increase to each MCO’s March 2019 through February 2020 encounter data. Unlike other adjustment factors which are applied at the community level, the CHIRP adjustment factors have been calculated at the individual plan level due to the fact that each MCO may have varying levels of utilization at each class of hospital and could be disadvantaged if their actual utilization is higher or lower than the SDA average for a given class.

Exhibit C - Revised presents a summary of the calculation of the CHIRP premium add-on rates by MCO for all risk groups. The add-on is calculated as an MCO-specific amount due to the varying impacts the mandated increases will have on expected reimbursement for each MCO. The add-on is calculated as the projected FY2022 claims increased by the applicable CHIRP adjustment factor plus provision for risk margin, taxes and administrative fees.

The CHIRP component of the rate includes separate administrative fees, taxes and risk margin from the other components of the rate. These amounts are defined as follows:

- Administrative Fee – 2.5% of premium
- Risk Margin – 1.5% of premium (STAR) or 1.75% of premium (STAR+PLUS)
- Premium Tax – 1.75% of premium

The 2.5% administrative fee was developed based on discussions between HHSC, the MCOs and the contracted hospitals. While there is an expectation of increased administrative cost associated with CHIRP as a result of contract negotiations, claims processing and other system changes it is not expected that this increased burden will be significant. As a result, the standard 5.25% of premium applicable to the overall rate development was reduced to 2.5% for the CHIRP component.

The 1.5% (STAR) or 1.75% (STAR+PLUS) risk margin is set equal to the risk margin used in the overall rate development.

The 1.75% premium tax remains unchanged from the overall rate development.

Exhibit D - Revised presents a summary of the CHIRP premium add-on rates split between the UHRIP and ACIA components.

The revised CHIRP premiums have been accounted for in the FY2022 rate development in a manner that is consistent with the pre-print that is currently under CMS review.

- vi. Acknowledged. See page 6 of the amendment letter.
- vii. See Attachment 7 on pages 208 through 218 of the original report.
- viii. (a) See Attachment 1 Revised on pages 22 through 49 of the amendment letter.
 - (b) Not applicable. All rating adjustment factors have been included in the report.
 - (c) FY2021 rates were not adjusted by a de minimis amount using the authority in 42 C.F.R 438.7(c)(3).
- ix. Not applicable. There are no known amendments at this time.

- x. (a) Texas Medicaid Managed Care data has been studied for all programs, risk groups and service delivery areas through December 2020 to study the impact of COVID and the PHE.

(b) See pages 16, 17 and 202 through 207 of the original report.

(c) See pages 16, 17 and 202 through 207 of the original report. Unlike the prior rating period we are making a prospective adjustment to the FY2022 capitation rates. In addition, the experience rebate provisions have been tightened to limit the possibility of excessive profits in FY2022.

3. Projected Benefit Costs and Trends

A. Rate Development Standards

- i. Acknowledged.
- ii. Acknowledged.
- iii. Acknowledged.
- iv. See pages 162 through 163, pages 184 through 185 and pages 192 through 193 of the original report

B. Appropriate Documentation

- i. See pages 4 and 5 and Attachment 1 Revised pages 22 through 49 of the amendment letter.
- ii.
 - (a) See Attachment 3 pages 57 through 138 of the original report.
 - (b) There have been no significant changes in the development of the benefit cost since the last certification. The only changes are due to the application of the revised CHIRP rate increases.
 - (c) All recoupments and recoveries resulting from overpayments to providers have been netted out of the claim payments used in the rate development. MCOs are required to adjust encounter data to remove all overpayments and correct the submitted information. Any provider recoveries not adjusted for in the submitted encounter data are excluded from the base period as a negative add-on payment.
- iii.
 - (a) See Attachment 4 pages 139 through 160 of the original report.
 - (b) See Attachment 4 pages 139 through 160 of the original report.
 - (c) See Attachment 4 pages 139 through 160 of the original report.
 - (d) See Attachment 4 pages 139 through 160 of the original report.
 - (e) Not applicable.

- iv. Not applicable.
- v. The STAR program stipulates the following provisions related to in lieu of services:
 - The MCO may provide inpatient services for acute psychiatric conditions in a free-standing psychiatric hospital in lieu of an acute care inpatient hospital setting.
 - The MCO may provide substance use disorder treatment services in a chemical dependency treatment facility in lieu of an acute care inpatient hospital setting.
 - For individuals between the ages of 21 and 64, services are provided in IMDs only in lieu of an acute care hospital setting. IMD services for individuals under age 21 and age 65 and over are covered pursuant to the Texas state plan.

The cost for in lieu of services is not tracked from other services and are included in the rate development and are not treated differently than any other category of service.

- vi. (a) Restorative enrollment can occur when an individual is deemed to have been Medicaid eligible during a prior period. If the individual was eligible for and enrolled in Medicaid managed care during the prior six months, then the individual is retrospectively enrolled in the same managed care plan as their prior enrollment segment. The managed care plan is then retrospectively responsible for all Medicaid expenses incurred during this retrospective period and is also paid a retrospective premium for this time period.
 - (b) All claims paid during retroactive enrollment periods are included in the base period data used to develop the FY2022 premium rate.
 - (c) All enrollment data during retroactive enrollment periods are included in the base period data used to develop the FY2022 premium rate.
 - (d) No adjustments are necessary to account for retroactive enrollment periods because the enrollment criteria have not changed from the base period to the rating period. All retroactive enrollment and claims information has been included in the base period data, the trend calculations and all other adjustment factors.
- vii. See Attachment 5 pages 161 through 201 of the original report.
- viii. See Attachment 5 pages 161 through 201 of the original report.

4. Special Contract Provisions Related to Payment

A. Incentive Arrangements

i. Rate Development Standards

Acknowledged

ii. Appropriate Documentation

See Attachment 16 pages 342 through 344 of the original report. Incentive payments will not exceed 105 percent of the capitation payments.

B. Withhold Arrangements

ii. Appropriate Documentation

See Attachment 16 pages 342 through 344 of the original report.

C. Risk-Sharing Arrangements

i. Rate Development Standards

Acknowledged.

ii. Appropriate Documentation

HHSC includes an experience rebate provision in its uniform managed care contracts which requires the MCOs to return a portion of net income before taxes if greater than the specified percentages. The net income is measured by the financial statistical reports (FSRs) submitted by the MCOs and audited by an external auditor. Net income is aggregated across all programs and service delivery areas. The aggregated net income is shared as follows:

Pre-tax Income as a % of Revenues	MCO Share	HHSC Share
≤ 3%	100%	0%
> 3% and ≤ 5%	80%	20%
> 5% and ≤ 7%	0%	100%
> 7% and ≤ 9%	0%	100%
> 9% and ≤ 12%	0%	100%
> 12%	0%	100%

D. State Directed Payments

(a) The tables below provide the requested information. Further information on each program can be found in Attachment 12 Revised (CHIRP), Attachment 13 (TIPPS), Attachment 14 (DPP BHS) and Attachment 15 (RAPPS).

a. See table below

Control name of the state directed payment	Type of payment	Brief description	Is the payment included as a rate adjustment or a separate payment term
Comprehensive Hospital Increase Reimbursement Program (CHIRP)	Uniform % rate increase. Two components (i) UHRIP and (ii) ACIA	UHRIP - Equal to a percentage of the estimated Medicare gap on a per class basis. ACIA - equal to a percentage of the ACR gap less payments received under UHRIP, on a per provider basis.	Adjustment applied to base capitation rates and included in monthly premium.
Texas Incentive for Physician and Professional Services (TIPPS)	Per member per month payment and uniform % increase for certain procedure codes.	PMPM payment and uniform rate increase developed through comparison of MCO reimbursement and ACR.	Adjustment applied to base capitation rates and included in monthly premium.
The Directed Payment Program for Behavioral Health Services (DPP BHS)	Uniform dollar increases and uniform % increases.	Payment and uniform rate increase developed through comparison of MCO reimbursement and ACR.	Adjustment applied to base capitation rates and included in monthly premium.
The Rural Access to Primary and Preventive Services (RAPPS)	Uniform dollar increases and uniform % increases.	Payment and uniform rate increase developed through comparison of MCO reimbursement and ACR.	Adjustment applied to base capitation rates and included in monthly premium.

ii. See table below

Control name of the state directed payment	Rate cells affected	Impact	Description of the adjustment	Confirmation the rates are consistent with the preprint	For maximum fee schedules, provide the information requested in (E) below

**Texas Health and Human Services Commission
Proposed State Fiscal Year 2022 Directed Payment Programs**

Comprehensive Hospital Increase Reimbursement Program

Overview

Program Description

The Comprehensive Hospital Increase Reimbursement Program (CHIRP) is a directed payment program that provides increased Medicaid payments to hospitals for inpatient and outpatient services provided to persons enrolled in Medicaid STAR and STAR+PLUS managed care programs. CHIRP is the successor to the Uniform Hospital Rate Increase Program (UHRIP), which is currently in its fourth year of operation. Pending CMS approval, CHIRP will begin on September 1, 2021. HHSC will include CHIRP funding in Medicaid managed care organizations' (MCOs) per member per month (PMPM) capitation rates. Then MCOs will pay CHIRP funds to providers through two components of the program.

Eligible Provider Classes

(1) Children's hospitals, (2) rural hospitals, (3) state-owned hospitals that are not institutions for mental diseases (IMDs), (4) urban hospitals, (5) non-state-owned IMDs, and (6) state-owned IMDs.

Participating Medicaid Programs

STAR, STAR+PLUS

Total Funding Requested for SFY 2022

\$ 4,821,379,646

The program is paid using joint state and federal funds. The state funds are provided by local governmental entities via an Intergovernmental Transfer (IGT) and Local Provider Participation Funds (LPPF); no state General Revenue Funds are used.

History

CHIRP replaces UHRIP beginning September 1, 2021, which is year five of the program. HHSC and stakeholders wanted to reform certain aspects of UHRIP, such as improving its tie to the state's Medicaid Quality Strategy and incorporating the efforts to further healthcare transformation and quality improvement in the Medicaid program. CHIRP continues to be a statewide program that provides for increased Medicaid payments for inpatient and outpatient services to participating Texas hospitals. However, for Program Year 5, CHIRP includes new eligibility requirements, new hospital classes, and new financing components. Additionally, participating hospitals are required to report program measures as a condition of participation for CHIRP.

The rules for the CHIRP program years on or after September 1, 2021 are in the Title 1 of the Texas Administrative Code (1 TAC) §353.1301, §353.1306, and §353.1307. Rules for CHIRP are promulgated for on an as-needed basis rather than an annual basis.

Program Design

Delivery System

The CHIRP program uses a Medicaid MCO delivery system to provide increased Medicaid payments for participating hospitals. Texas Medicaid managed care organizations receive additional funding through their monthly capitation rate from HHSC and are directed to increase payment rates for enrolled hospitals.

Alignment with HHSC Quality Strategy

CHIRP intends to advance four goals from the Texas Medicaid Quality Strategy: (1) promoting optimal health for Texans; (2) providing the right care in the right place at the right time; (3) attracting and retaining high-performing Medicaid providers to participate in team based, collaborative, and coordinated care; and (4) keeping patients free from harm.

Directed Payment Arrangement

CHIRP is a Medicaid managed care hospital directed payment program authorized under federal regulation 42 CFR 438.6(c). Directed payment arrangements permit states to direct specific payments made by managed care plans to providers under certain circumstances and can assist states in furthering the goals and priorities of their Medicaid programs.

CHIRP is comprised of two payment components:

- The Uniform Hospital Rate Increase Payment
- The Average Commercial Incentive Award

The MCOs' distribution of CHIRP funds to the enrolled hospitals will be a directed uniform rate increase above the negotiated rate. Enrolled hospitals will be paid based upon utilization/claims for services in the program period. The hospital must have provided at least one Medicaid service to a Medicaid client in each reporting period to be eligible for payments. The percentage increase will be uniform for hospitals within a class within a service delivery area (SDA), but increases may vary between classes of hospitals due to the choice to participate in the optional ACIA component.

In determining the percentage increases, HHSC will consider information provided by the participants in the SDA. HHSC will also consider:

- the class or classes of a hospital;
- the type of service or services;
- actuarial soundness of the capitation payment needed to support the rate increase;
- available budget neutrality room under any applicable federal waiver programs;
- hospital market dynamics within the SDA; and

- other HHSC goals and priorities.

CHIRP will only apply to the STAR and STAR+PLUS Medicaid managed care programs. The CHIRP increase will apply to all inpatient and outpatient services provided by a hospital with the following exceptions:

1. Services provided to members at a non-contracted facility.
2. Non-emergent services provided in an emergency room for non-rural facilities.
3. Services provided to a member at an out of area facility if the facility is located in a SDA in which the MCO does not participate in the STAR or STAR+PLUS program.
4. Outpatient services provided at an Institution for Mental Diseases (IMD).
5. Service provided at an IMD to members over age 21 and under age 65.
6. Claims for COVID-19 testing, diagnosis, or treatment.

The percentage increases by hospital were determined by HHSC according to the following methodology:

- The total value of the provider's UHRIP component will be equal to a percentage of the estimated Medicare gap on a per class basis. Allocation of funds across hospital classes will be proportional to the combined Medicare gap of each hospital class within an SDA to the total Medicare gap of all hospital classes within the SDA.
- The total value of provider's ACIA will be equal to a percentage of the ACR gap less payments received under UHRIP, on a per provider basis, capping payments at a 90 percent aggregate Average Commercial Reimbursement (ACR) for the hospital class.

Capitation Rate Components

The UHRIP component provides hospitals an increased payment that is based on a percentage of the Medicare gap, which is the difference between what Medicare is estimated to pay for the services and what Medicaid actually paid for the same services. All hospitals participating in CHIRP must participate in the UHRIP component.

The ACIA component is an optional component. It provides hospitals a payment based on a percentage of the average commercial reimbursement gap, which is the difference between what an average commercial payor is estimated to pay for the services and what Medicaid actually paid for the same services, less payments received under the UHRIP component.

Hospitals apply for participation in CHIRP, and hospitals are required to report program measures as a condition of participation for each component in which they participate. While all participating providers must report on measures for UHRIP, only those providers who opt into the ACIA component must report measures for ACIA.

For CHIRP, funds are paid through two components of the managed care PMPM capitation rates. A breakdown of the CHIRP Year Five anticipated funding (upon approval) is below:

Distribution of Payments

HHSC will direct MCOs to increase rates beginning the first day of the program period that includes the increased capitation rates paid by HHSC to each MCO pursuant to the contract between them. CHIRP payments will be distributed based upon actual utilization and paid as a percentage increase above the contracted rate between the MCO and the hospital. Providers must meet semi-annual quality metric reporting requirements in order to be eligible for program participation and distribution of payments.

Quality Metric Summary

UHRIP includes two structure measures applicable to all participating hospitals and requires twice yearly submission of status updates for all measures.

ACIA includes structure measures and data-based outcome and process measures and requires twice yearly submission of status updates for structure measures and data for outcome and process measures.

ACIA includes six modules, which are groupings of measures around a similar hospital service type. Providers must report on all modules for which they are eligible. The number of measures a hospital will be required to report is determined by the hospital's provider class as defined in program enrollment and historic volume and type of services provided. For hospitals participating in ACIA, the maximum number of ACIA structure measures a provider will be required to report based on class and volume is 4 and the minimum number is 0. The maximum number of ACIA data-based measures a hospital will be required to report based on class and volume is 7 and the minimum number is 0. Hospitals that are not eligible for any ACIA measures based on volume are still eligible to participate in ACIA but will not be required to report quality metrics data. Data will be used to monitor provider-level progress toward state quality objectives and annual program evaluation.

Reporting is tentatively planned to take place during Quarter 1 (Sep-Nov 2021) and Quarter 3 (Mar-May 2022).

For adult and pediatric hospital safety outcome measures, hospitals will report a performance rate as specified for all-payer types. For all other outcome and process measures, hospitals must report performance rates stratified by Medicaid, uninsured, and other payer-types.

The table below identifies the quality measures by program component.

Achievement Requirements

- As a condition of participation in the program, a hospital must report data for all measures for which it is eligible. A hospital that fails to submit the required data by deadlines communicated by HHSC will be determined to be not in compliance with program eligibility

requirements and will be removed from the program. The provider may also have all funds that they received recouped.

- For a structure measure, a provider must submit responses to qualitative reporting questions that summarize a hospital's progress towards implementing evidence-based best practices for high quality care. Hospitals are not required to implement the best practices as a condition of reporting or program participation.
- For outcome and process measures, a provider must submit numerator and denominator rates as specified by HHSC.
